## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

Dan Jacobs School serves students who are incarcerated at the Yolo County Juvenile Hall. The purpose of the juvenile court school is to provide mandated, compulsory public education services for juvenile offenders who are under the protection or authority of the county juvenile justice system and are incarcerated in juvenile halls. Dan Jacobs School (DJS) is operated by the Yolo County Office of Education. Dan Jacobs provides the opportunity for students to complete a course of study leading to a high school diploma or GED. Dan Jacobs School offers 240 minutes of core academic instruction daily. Students are required to take all state and local educational assessments. Upon release or after the court terminates jurisdiction, students are required to continue their public education. Dan Jacobs students are provided with planning and transition services critical to a successful transfer back to a public school, including the development of an individual learning plan. During students' time at Dan Jacobs School, we offer credit recovery for students deficient in credit for graduation, counseling for behavior and social awareness, and additional supports and activities to promote wellness and positive community involvement. Students can also earn a high school diploma from Dan Jacobs School. The administration and staff are eager to form strong partnerships with students to support their educational journeys within and beyond Dan Jacobs.

### Mission Statement:

Empower students through education by providing them with the tools to conquer personal challenges, realize their potential, set and attain goals, and become positive members of their community. The mission of Yolo County Alternative Education is to provide a safe, affirming, and engaging learning environment and to provide the pathways and support students who need to achieve their personal, educational, and professional goals. Our students will develop strong positive relationships with peers and staff and will leave prepared for college and a successful career. Students will demonstrate the literacy and numeracy skills necessary to be critical consumers of information and engaged community members.

## School Facility Conditions and Planned Improvements

Dan Jacobs School is located within the Yolo County Juvenile Detention Facility, first occupied in August of 2005. The classrooms are well maintained and properly equipped for student learning and success. The Yolo County Office of Education Support Operations Services is not responsible for the maintenance of the facility, however YCOE does conduct the F.I.T. report.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)			21	27	47	48
<b>Mathematics</b> (grades 3-8 and 11)			26	30	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2025-26 Opportunities for Parental Involvement

Due to the safety and security of the facility and the confidentiality of the youth within the Juvenile Detention Facility, parental involvement is very limited; however, parents are invited to encourage their students to use their school time to their advantage while they attend Dan Jacobs School. Parents have contact with students by phone or may visit on probation-approved visiting days. Parents do have direct involvement in IEP meetings that are scheduled within the facility

## 2025-26 School Safety Plan

Safety and security are high priorities within Dan Jacobs School and both the Yolo County Probation Department and the Yolo County Office of Education work together on these issues. School staff members attend meetings with the Probation Detention staff to review issues of joint concern, including safety. The Probation staff oversees emergency procedures for natural disasters, violent acts, health/safety, and other safety issues so that the school staff and students are provided with a safe learning environment.

## Fiscal Year 2024-25 Types of Services Funded

We ensured coherence and alignment of all integrated supports through a whole-child approach. Given that the majority of students at Dan Jacobs are considered unduplicated, we coordinated on-site and community-based services to avoid duplication and provide equitable access to necessary resources. Multiple agencies worked with our students either on-site or

through community programs, requiring collaboration and alignment. The implemented actions and metrics created an integrated support system for youth and fostered a culture of belonging, safety, and care.

Students were provided opportunities to meet regularly with mentors to develop specific skills, explore future career or academic paths, or discuss matters important to them. This initiative focused on building confidence, resilience, and strong relationships rather than solely enhancing academic skills. Additionally, all staff members participated in comprehensive training sessions on anti-bias practices. These sessions addressed recognizing unconscious biases, fostering inclusivity, and implementing equitable strategies to enhance cultural competence and promote diversity awareness throughout the school community.
