2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

VISION STATEMENT: Solano County Office of Education (SCOE) is a professional teaching and learning community that works to implement effective instructional strategies that will enable every student to be successful. SCOE believes every student can become successful 21st-century critical thinkers and learners who have the potential to graduate from high school, go to college and/or trade school, while being positive contributing citizens to our community.

MISSION STATEMENT: The Solano County Juvenile Court and Community School provides every student an equal opportunity to an enriched education where they are challenged to meet and exceed their individual potential in a safe, supportive and structured environment.

PROGRAM OVERVIEW: The goal of the Juvenile Court and Community School program is to provide every student an equal opportunity to an enriched education where they are challenged to meet and exceed their individual potential in a safe and structured environment. Students at the facility have access to a curriculum that includes standards-based texts and an online portal in all four core subject areas. Credit recovery is a key component because many students enter the program credit deficient. Students can graduate with a high school diploma from Evergreen Academy.

Please note: The methodology for SARC data population, specifically related to the Teacher Preparation and Placement section, has shifted this year. As a result the data is displayed differently than in previous years.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The Juvenile Detention Facility is 16 years old. The Juvenile Detention Facility classrooms are cleaned three times a week by SCOE custodial staff, and all other maintenance is handled by Solano County maintenance staff. According to the Judicial Inspection of Juvenile Detention Facility for Suitability, the facility was found to be within the minimum standards adopted by the Board of Corrections.

B. Pupil Outcomes	State Priority: Pupil Achievement
	<p>The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):</p>
	<p>Statewide Assessments</p> <p>(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).</p>
	<p>The CAASPP System encompasses the following assessments and student participation requirements:</p>
	<ol style="list-style-type: none"> Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
	<p>College and Career Ready</p> <p>The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.</p>

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

During the 2024-2025 school year, students had the opportunity to participate in a Career Technical Education (CTE) Building Trades course. This course functioned as an enrichment class and was not utilized as a credit obtaining opportunity. In addition, students had Work Ready! Certification Instruction for 60 minutes per week. The students in the program are engaged with a diverse academic program that prepares students for life after Juvenile Hall. The program includes Career Exploration, Success in the Workplace, Resume Building, Mock Interviews, and Financial Literacy. Students newly admitted to the campus also received access to career skills such as job skills, resume writing and interview techniques one day per week. Students in all Pods had the opportunity to receive their eFoodhandlers certificate.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Evergreen Academy parents are invited to actively participate on the School Site Council. Notices are sent out to parents regarding School Site Council meetings. Solano County Probation works collaboratively with SCOE in order to provide

2024-25 Opportunities for Parental Involvement

outreach to parents so that they are informed about the meeting dates. Evergreen Academy parents are encouraged to participate with the annual Educational Partner Meetings. Parents share their input on the development of the Local Control Accountability Plan (LCAP) and School Plan for Student Achievement (SPSA). Parental feedback assists with the development of both plan which identify the specific academic programs and social-emotional supports offered to students to ensure their success.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

Professional Development

All teachers attend professional learning sessions throughout the school year. This past year, the focus has been on standards-based instructional practices and effective curriculum planning through the analyzation of student assessment data. Renaissance Learning professional learning sessions focused on Star Math and Star Reading assessments assisted teachers with preparing students for the Smarter Balanced Assessment Consortium (SBAC) testing. Professional learning sessions with Renaissance Learning coaches have also supported teachers with their continued use of the various reports that are available to them to analyze and monitor student growth in Math and ELA. The county office staff members from Educational Services, Student Programs, and other departments provide support for these trainings through in-house presenters. Professional learning sessions take place on Wednesdays after the students are dismissed from campus. The staff has received approximately ten dedicated professional learning days for curriculum and instructional practices training. Staff has also attended trainings on trauma informed instructional practices, Edgenuity online learning portal, Study Sync, and classroom management strategies embedded within Positive Behavior Implementation Systems (PBIS).

Additional professional learning areas include integrating Google Apps in the classroom and improving math instruction though rigorous math instruction, social emotional learning, growth mindset, and cultural competence. Study Synch professional learning sessions and coaching will continue to be provided to support equitable access to learning for all students.

This table displays the number of school days dedicated to staff development and continuous improvement.
