COPAYMENT SUMMARY a uniform health plan benefit and coverage matrix

THIS MATRIX IS INTENDED TO BE USED TO HELP YOU COMPARE COVERAGE BENEFITS AND IS A SUMMARY ONLY. THE EVIDENCE OF COVERAGE/DISCLOSURE FORM AND PLAN CONTRACT SHOULD BE CONSULTED FOR A DETAILED DESCRIPTION OF COVERAGE BENEFITS AND LIMITATIONS.

ANNUAL DEDUCTIBLE

The **annual deductible** is the amount of money a member or family must pay for covered services/medications before WHA is responsible for covered services/medications. Each member enrolled as a family must meet the Individual with Family coverage amount or Family coverage amount, whichever is met first. Once the deductible is met, the relevant copayment(s) will apply. Amounts paid for non-covered services/medications do not count toward a member's deductible.

member responsibility **Deductible • AD = After Deductible**

\$2,800	Self-only coverage
\$3,400	Individual with Family coverage
\$5,600	Family coverage

ANNUAL OUT-OF-POCKET MAXIMUM

The **out-of-pocket maximum** is the most a member or family will pay in a calendar year for covered services/medications. Once the deductible and copayment costs reach the annual out-of-pocket maximum, WHA will cover 100% of the covered services/medications for the remainder of the calendar year. Amounts paid for non-covered services/medications do not count toward a member's out-of-pocket maximum.

member responsibility **Out-of-Pocket Maximum**

\$6,500	Self-only coverage
\$6,500	Individual with Family coverage
\$13,000	Family coverage
none	Lifetime maximum

PRESCRIPTION DRUG COVERAGE

Covered medications included in a member's Prescription drug plan are categorized as Tier 1, 2, 3 or 4 in WHA's Preferred Drug List (PDL). A member's PDL can be requested by calling WHA Member Services or viewed online at mywha.org/Rx.

NOTE: All medications included in the PDL are evaluated regularly for their efficacy, quality, safety, similar alternatives, and cost to ensure rational, cost-effective use of pharmaceutical agents. A drug's presence on the PDL does not guarantee that the member's Participating Provider will prescribe the drug. There are a small number of drugs, regardless of tier, that may require prior authorization to ensure appropriate use based on criteria set by WHA.

Preventive medications, supplements and vaccines: Aspirin, folic acid (including in prenatal vitamins), fluoride for preschool age children, tobacco cessation medication, contraceptives, and preventive vaccines, including those for flu and COVID-19, are covered without member cost-sharing; see Appendix A in your EOC/DF for a complete list. Generic required if available.

IMPORTANT: Health savings accounts (HSAs) are complex financial products. This plan is a high-deductible health plan. While there is no obligation to have an HSA, Western Health Advantage recommends that you consult your tax or financial advisor to discuss the benefits and determine whether this plan and HSAs are a good choice for you.

MANAGING YOUR HIGH-DEDUCTIBLE PLAN: To review amounts applied to your annual deductible and out-of-pocket (OOP) maximum, simply access your accumulator at mywha.org. If you have any questions about how much has been applied to your deductible or annual OOP maximum, or whether certain payments you have made apply to the OOP maximum, call WHA Member Services. Once you have satisfied your OOP maximum, you may request a written statement confirming that you do not have to pay any more copayment or deductible amounts for covered services through the end of the calendar year.
