

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Monson-Sultana Joint Union Elementary School District

CDS Code: 54-7200960-54167

School Year: 2026-27

LEA contact information:

Roberto Vaca

Superintendent/Principal

rvaca@msschool.org

(559) 591-1634

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

This chart shows the total general purpose revenue Monson-Sultana Joint Union Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Monson-Sultana Joint Union Elementary School District is \$9,323,753.74, of which \$7,030,446.00 is Local Control Funding Formula (LCFF), \$1,636,718.74 is other state funds, \$132,825.00 is local funds, and \$523,764.00 is federal funds. Of the \$7,030,446.00 in LCFF Funds, \$1,879,762.00 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Monson-Sultana Joint Union Elementary School District plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Monson-Sultana Joint Union Elementary School District plans to spend \$10,760,781.74 for the 2026-27 school year. Of that amount, \$7,002,013.00 is tied to actions/services in the LCAP and \$3,758,768.74 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General fund expenditures not listed in the LCAP include salaries of office support staff, administrative salaries, basic facilities upkeep, fuel costs, utilities, and other normal operating expenditures.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Monson-Sultana Joint Union Elementary School District is projecting it will receive \$1,879,762.00 based on the enrollment of Foster Youth, English learner, and low-income students. Monson-Sultana Joint Union Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Monson-Sultana Joint Union Elementary School District plans to spend \$1,986,512.00 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what Monson-Sultana Joint Union Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Monson-Sultana Joint Union Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Monson-Sultana Joint Union Elementary School District's LCAP budgeted \$2,000,343.00 for planned actions to increase or improve services for high needs students. Monson-Sultana Joint Union Elementary School District actually spent \$1,728,314.00 for actions to increase or improve services for high needs students in 2025-26.

The difference between the budgeted and actual expenditures of \$272,029 had the following impact on Monson-Sultana Joint Union Elementary School District's ability to increase or improve services for high needs students:

There were no negative affects of the savings from LCFF funding last year. It is the result of responsible spending practices and the unused funds will roll over into 2026-27 and are reflected in the spending budgets for actions that provide services designed to support Foster Youth, English Learners, and Socio-Economically Disadvantaged students.

Local Control and Accountability Plan

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Monson-Sultana Joint Union Elementary School District (MSJUESD) operates as a singular TK-8 school district, catering to 440 students in the rural area of Tulare county, CA. The student body, predominantly Hispanic (97.5%) and including 36.4% English Learners and 2% white students, reflects a community with primarily low socio-economic backgrounds (88.2%). 9.1% of our students have identified learning disabilities and 0% were in foster youth placement at some point during the 2024-25 school year. (Data per the 2025 CA School Dashboard)

Our district holds a central role within the Monsun and Sultana communities, often becoming a cherished tradition for families across generations.

Determined to establish a cohesive instructional framework throughout all grades, we are dedicated to providing students with access to a top-tier educational experience. Initiatives such as Guided Reading, Developmental Reading Assessment (DRA), and comprehensive Reading and Writing Units of Study have been introduced to ensure academic rigor and relevance. Cutting-edge technology is readily available to support learning, complemented by a full-time Physical Education Teacher who oversees PE for all students, along with a Choir Program serving students from TK to 8th grade.

Beyond regular school hours, our school extends its commitment to student development through an after-school program, accommodating approximately 130 TK-8th grade students daily. Additionally, athletics opportunities are provided for students in grades 4-8, fostering holistic growth and engagement beyond the classroom. Through these concerted efforts, Monson-Sultana School remains steadfast in its mission to deliver exceptional education and support to its diverse student body.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The California School Dashboard, according to the 2023 report noted the following performance for Monson-Sultana:

ACADEMIC PERFORMANCE INDICATORS:

2023 Dashboard: English Language Arts-

Our students performed an average of 34.6 points below grade level standards. This was a 4.4 point increase from 2022. This placed us in the "Yellow" range.

The Socioeconomically Disadvantaged, English Learner, and Hispanic subgroups of students all performed in the yellow range as well with an increase for all three groups from the prior year's results.

Our Students with Disabilities group did not receive a color range assignment, but also increased from the prior school year

2024 DASHBOARD UPDATE:

Overall ELA scores increased 3.5 points to 31.1 points below standard. All subgroups increased slightly except for Long Term English Learners (LTEL) which declined 24.3 points to score an average of 80.3 points below standard and the Students With Disabilities subgroup which declined 12.3 points to score an average of 103.9 points below standard. Both of these groups were identified in the "Red" category on the dashboard for this year.

2025 DASHBOARD UPDATE:

Overall ELA scores declined 3.8 points to 34.8 points below standard. Long Term English Learners (LTEL) which increased 32 points to score an average of 48.3 points below standard and the Students With Disabilities subgroup which declined 4.1 points to score an average of 108 points below standard and was identified in the "Red" category on the dashboard for this year.

2023 Dashboard: Mathematics-

Our students performed an average of 27.2 points below grade level standards. This was an 18.4 point increase from 2022. This placed us in the "Yellow" range.

The Socioeconomically Disadvantaged, English Learner, and Hispanic subgroups of students all performed in the yellow range as well with significant increases for all three groups from the prior year's results.

Our Students with Disabilities group did not receive a color range assignment, but also increased from the prior school year.

2024 DASHBOARD UPDATE:

Overall, there was an increase of 2.4 points in mathematics for an average score of 24.8 points below standard. The Students With Disabilities group saw a small increase of 1.9 points for an average of 109.8 points below standard- which put them in the "Red" category on the dashboard due to overall performance.

2025 DASHBOARD UPDATE:

Overall, there was maintained at 0.8 points in mathematics for an average score of 24 points below standard. The Students With Disabilities group declined 16.3 points for an average of 126.1 points below standard- which put them in the "Red" category on the dashboard due to overall performance.

2023 Dashboard:

English Learner Progress Indicator-

46.7% of our English Learners progressed one ELPI level on the English Learner Proficiency Assessment for California (ELPAC). This was an increase of 2.9% from the prior year.

2024 DASHBOARD UPDATE: 18.2% of our English Learner students made progress on the ELPAC last year, which was a decline of 28.5%. This put us in the "Red" category, overall. Both subgroups (EL and LTEL) performed in the "Red" category as well with significant declines of 28.5% and 27.8% respectively.

2025 DASHBOARD UPDATE: 79.4% of our English Learner students made progress on the ELPAC last year, which was an increase of 61.2% with no student subgroups in the "Red" category. Both subgroups (EL and LTEL) performed in the "Blue" category as well with significant increases of 79.4% and 88.2% respectively.

Implementation of State Standards: Monson-Sultana Met state requirements in this area for the local indicator.

ACADEMIC ENGAGEMENT INDICATORS:

2023 Dashboard: Chronic Absenteeism- (students absent for 10% or more of the school year- 18 or more days) -

Our rate for Chronic Absenteeism in the 2022-23 school year was 16.8% - in the "Yellow" range. This was a significant decrease from the previous year, cutting the rate more than half from the COVID return rate of 34.6%. Our Socioeconomically Disadvantaged, English Learner, and Hispanic subgroups all performed in the "Yellow" range with significant decreases as well.

Our Students With Disabilities group was in the "Orange" range, slightly below the school average performance level, but still showed a great improvement over the previous school year's attendance patterns.

2024 DASHBOARD UPDATE: Chronic Absenteeism fell, overall to 6.9%, a significant decline of 9.9% from the prior year. All subgroups saw significant declines and none were in the "Red" performance category.

2025 DASHBOARD UPDATE: Chronic Absenteeism increased, overall to 7.6%, an increase 0.7% from the prior year. No subgroups were in the "Red" performance category.

2023 Dashboard: Access to a Broad Course of Study
Monson-Sultana Met state requirements in this area for the local indicator.
The district continued to meet all requirements in the 2024 and 2025 Dashboard reports

CONDITIONS AND CLIMATE INDICATORS:

2023 Dashboard: Suspensions: (Students who were suspended 1 day or more in the 2022-2023 school year)

The overall average for the school was 2.5% which was a decline of 1.3% and placed us in the "Green" level of the dashboard. Hispanic and Socioeconomically Disadvantaged students also fell into the "Green" level with improvements over last year. Students With Disabilities were in the "Blue" or best performing level. The English Learner student group was in the "Yellow" performance level because although their level is only 2.2%, they did not improve over the prior school year. They maintained.

2024 DASHBOARD UPDATE: Our overall suspension rate was 4.2% of students being suspended at least once during the school year. This was an increase of 1.7% from prior year data. English Learner, Long Term English Learner, and Socioeconomically Disadvantaged subgroups performed in the "Red" Category on the Dashboard with increases of 3.2%, 10%, and 2.3% respectively.

2025 DASHBOARD UPDATE: Our overall suspension rate was 4.8% of students being suspended at least once during the school year. This was an increase of 0.6% from prior year data. Homeless and Students with disabilities subgroups performed in the "Red" Category on the Dashboard with increases of 5.2%, and 14% respectively.

2023 Dashboard: Basics: Instructional Materials, Teachers, Facilities
Monson-Sultana Met state requirements in this area for the local indicator
The district continued to meet all requirements in the 2024 and 2025 Dashboard reports

2023 Dashboard: Parent and Family Engagement
Monson-Sultana Met state requirements in this area for the local indicator
The district continued to meet all requirements in the 2024 and 2025 Dashboard reports

2023 Dashboard: Local Climate Survey
Monson-Sultana Met state requirements in this area for the local indicator

The district continued to meet all requirements in the 2024 and 2025 Dashboard reports

As we reflect upon our practices, and data from the first two years of the LCAP, we are seeing signs of success with our LTEL and EL groups, but more stagnant results with other groups and overall. We continue to examine our actions and refine our practices to ensure consistency and quality of instructional programs.

LEARNING RECOVERY BLOCK GRANT INFORMATION:

The district will have \$324,937 in unspent Learning Recovery Block Grants at the end of the 2025-26 school year and will expend \$187,758 of those funds in the 2026-27 LCAP with the remaining held in reserve for another year.

The goals/ actions identified for LREBG funding are found in :

Goal 1, Action 2 (\$36,798 for paraprofessional and teacher salary and benefits

Goal 1 Action 6 (\$111,169 for paraprofessional salaries and benefits) and

Goal 1, Action 19 (\$39,791 for Literacy Coach salary and benefits)

The actions are allowable expenditures in the categories of :

Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of evidence-based learning supports such as providing early intervention and literacy programs and tutoring or other one-on-one or small group learning supports.

The actions are designed as evidence-based solutions to improve literacy outcomes for all students and address English Learners' performance on the CAASPP ELA and ELPAC reading assessments, as identified through the Educational Partners needs assessment process. These actions provide differentiated services to meet the diverse needs of this student group. Providing Tier II and Tier III interventions including more time, in a smaller group is a research based strategy to help identified struggling students close learning gaps.

The district may be receiving additional proposed LREBG funding as outlined as part of the Governor's May Revision 2026 budget act. This proposed funding will be identified and addressed as part of the district's 2027-28 LCAP.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Monson-Sultana was identified for Differentiated Assistance in 2024 for student performance in Academics and in Suspensions for the English Learner and Long-Term English Learner subgroups.

The 2024 CA Dashboard showed English Learner's in the "Red" zone for English Learner Performance Indicator and in the "Orange" zone for English Language Arts performance, Math Performance for academics and in the "Red" zone for suspension rates.

and Long Term English Learners in the "Red" zone for English Language Arts Performance, and English Learner Performance Indicator and in the "Orange" zone for Math Performance for academics and in the "Red" zone for suspension rates.

The district worked with Tulare County Office of Education to address this area of performance. As part of this work, the district underwent an analysis of current programs and results related to these areas, as well as completing the FIA analysis of systems related to our operations as a whole that may affect student performance.

In 2025, the English Learner subgroup had increased a total of 2 points in Mathematics and 27 points in ELA. The district continues to work on improving results for this subgroup and closing achievement gaps. Year two focuses on continuing the growth for the LTEL group and getting more consistent implementation of the integrated EL components that have been in professional development offerings. The continuing work to increase EL results can be found in Actions 1.8 and 2.1

On the basis of the 2025 CDE Dashboard, Monson-Sultana was identified for Students with Disabilities in the areas of academics (Math, ELA) and Culture (Suspensions). This new subgroup performance has been the focus of the current work with Tulare County Office of Education. We are in the root cause analysis stage, and will retake the FIA survey to determine continuing areas where we can strengthen our systems and our work as an educational team. We will be developing a plan of action and working on implementation, monitoring, and ongoing adjustments in the coming school year. The district's early work in this area falls under Actions 1.2, 1.3, and 1.4

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Not applicable to Monson-Sultana School.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not applicable to Monson-Sultana School.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Not applicable to Monson-Sultana School.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers	Teachers were included in the development of the LCAP by obtaining their input via surveys and focus groups which took place during March-April 2026. A special LCAP focused input session was held in person on April 22, 2026. The results were analyzed and discussed with staff as the draft LCAP was developed. Teachers also met weekly in Professional Learning Communities to evaluate student performance, note ongoing and developing needs, make adjustments to work within the LCAP actions and note additional needs for the 2026-27
Students	Students were included in the development of the LCAP by obtaining their input via the March-April 2026 survey and February 6, 2026 focus groups and input was shared with the Student Advisory Group in March, 2026.. The superintendent responded in writing to their input.
Parents	School Site Council/ PAC-DAC December 9, 2026 April 20, 2026 (Reviewed Draft) March-April, 2026. Schoolwide Parent climate and LCAP Survey. This was shared online and in the school offices.

Educational Partner(s)	Process for Engagement
	PAC/ SSC: Met on April 20, 2026 to provide input for LCAP/ SPSA and to review the LCAP draft. The superintendent responded in writing to their input.
Principals	Site administrators were included in the development of the LCAP by obtaining their input via surveys and focus groups which took place during the spring semester.
Other School Staff	Meetings were held on August 5th, September 9th, October 7th, November 4th, and December 9th of 2025 and on February 10th, March 10th, April 21st, and May 5th of 2026 to evaluate the implementation of LCAP actions, complete ongoing needs assessment, and note additional needs for the 2026-27 plan. Classified team members were included in the development of the LCAP by obtaining their input via surveys and focus groups which took place during the spring semester.
Bargaining Units	April 22, 2026 in person input session with MSAT representation
DELAC Committee	DELAC:DELAC January 27, 2026. - Shared the mid year report and reviewed outcome data to date to discuss effectiveness and potential adjustments within actions, as well as unrecognized needs. February 26, 2026 - Discussed potential finances and adjustments for the draft and invited to attend the PAC and hold joint meeting to review the draft in April. April 20, 2026- Reviewed completed draft DELAC evaluated the action effectiveness, provided input, and reviewed the LCAP draft for 2026-27 at their Spring 2026 meeting. The superintendent responded in writing to their input.
SELPA Consultation	SELPA was consulted in Spring 2026 via teacher and program specialist input.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Monson-Sultana School ensured a comprehensive and inclusive approach to the development of its 2026-27 Local Control and Accountability Plan (LCAP) by actively soliciting input from various educational partners. Students, parents, classified staff, and certificated staff were all integral participants in this collaborative process, reflecting the school's commitment to transparency and community

engagement. Through surveys, meetings, and open forums, Monson-Sultana School provided avenues for educational partners to share their perspectives, concerns, and aspirations for the upcoming academic year. By incorporating diverse voices and perspectives into the development of the LCAP, the school aims to create a plan that reflects the needs and priorities of the entire school community, ensuring that every student has the opportunity to thrive academically, socially, and emotionally.

The original 3 year LCAP was developed based on the 2024 input, including

Students: Co-Curricular and extra curricular activities (Action 3.3) as well as math support (Actions 1.3, 1.2, 1.11)

Parents: School safety (Action 3.1), academic interventions (Actions 1.2, 1.11, 1.16), communication improvements (Action 3.6)

Teachers: Attendance concerns, academic supports (Actions 1.3, 1.2, 1.11, broad course of study, professional development needs (Action 1.8. 1.17).

Other staff: Support staff to help maintain the increased levels of service (Action 3.8), site safety (Action 3.1), intervention programs and staffing (Actions 1.2, 1.6).

Bargaining unit members desired to ensure members were compensated for extra duties for committees and events as well as reducing discipline incidents.

DELAC and SELPA were interested in continuing the attendance challenges, electives for middle school students, interventions to support EL and SWD and to address engagement of these groups. (Action 2.1, 2.3)

In 2026, the themes were similar with stakeholders overall asking to "stay the course" and maintain current programs and staffing in support of these programs.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Increase student achievement in core content areas including ELA/ELD, Mathematics, Science, and History for all students and sub groups throughout grades TK-8.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

To enhance the educational outcomes and opportunities for all students at Monson-Sultana School, it is imperative to prioritize the goal of increasing student achievement in core content areas, encompassing English Language Arts/English Language Development (ELA/ELD), Mathematics, Science, and History across all grade levels from Transitional Kindergarten (TK) through 8th grade. This goal underscores our commitment to academic excellence and equity, ensuring that every student, regardless of background or circumstance, has access to a high-quality education that prepares them for future success. By focusing on improving achievement in these fundamental subjects, we aim to empower students with the knowledge, skills, and competencies necessary to thrive in an ever-evolving global society. Moreover, this goal aligns with our broader mission of fostering a culture of continuous improvement and accountability, as we strive to narrow achievement gaps and provide equitable learning opportunities for all subgroups within our diverse student population. Through targeted interventions, personalized instruction, rigorous curriculum, and ongoing assessment and monitoring, we are dedicated to fostering a supportive and inclusive learning environment where every student can reach their full potential and become lifelong learners and contributing members of society.

Data that supports our actions and continuing our work in this area includes the December 2023 CDE School Dashboard:

English Language Arts-
Our students performed an average of 34.6 points below grade level standards. This was a 4.4 point increase from 2022. This placed us in the "Yellow" range.
The Socioeconomically Disadvantaged, English Learner, and Hispanic subgroups of students all performed in the yellow range as well with an increase for all three groups from the prior year's results.
Our Students with Disabilities group did not receive a color range assignment, but also increased from the prior school year.

Mathematics-
Our students performed an average of 27.2 points below grade level standards. This was an 18.4 point increase from 2022. This placed us in the "Yellow" range.

The Socioeconomically Disadvantaged, English Learner, and Hispanic subgroups of students all performed in the yellow range as well with significant increases for all three groups from the prior year's results.
Our Students with Disabilities group did not receive a color range assignment, but also increased from the prior school year.

English Learner Progress Indicator-

46.7% of our English Learners progressed one ELPI level on the English Learner Proficiency Assessment for California (ELPAC). This was an increase of 2.9% from the prior year.

The overall growth for all of our students in Math, ELA, and English Language acquisition speaks strongly to our coordinated action plan and staff dedication to this goal.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All actions were implemented as planned

There were no unusual successes or challenges to implementation this year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The following actions had material differences of more than 10% between budgeted expenditures and estimated actual expenditures:

Action 1.2- Response to intervention- Underspent by 25% (\$60,967 as we had less need than anticipated for the services and application supports
Action 1.3- Supplemental Math Materials- Underspent by 20% (\$38,000) due to the newly selected curriculum costing less than anticipated
Action 1.10- Engaging and rigorous academic program - Underspent by 50% (\$5,000) as costs were less than anticipated using the prior year as an estimator.
Action 1.11- After school and summer programs- Underspent by 27% (\$251,464) as fewer students than anticipated were interested in the intersessions and summer school programs
Action 1.14- Teacher Leadership Committee- Underspent by 28% (\$7,765) as fewer teachers required mentors for induction and intern programs than anticipated
Action 1.15- TOSA- Overspent by 18% (\$16,000) as there were increases in wages as well as health/welfare costs and the TOSA assisted within the Arts/Music and CTE program as well.
Action 1.16- Intervention materials- Underspent by 18% (\$3,500) as less intervention materials were needed due to stock on hand from the end of the prior year.
Action 1.19- TOSA- Underspent by 11% (\$20,694) due to overestimating the costs of this positions benefits
Action 1.22- Classroom Furnishings- Underspent by 20% (\$3,500) as less need than anticipated was seen in 2025-26 for flexible seating changes.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

We are in second year, of our three year plan, and the current dashboard report shows data from our first 7 months of implementation.

Action 1 was effective as we maintained highly qualified staffing, with all classes being taught by appropriately assigned and credentialed teachers.

Actions within this goal related to English Language Arts SBAC Performance improvement were showing mixed effectiveness after the first year, with a 3.8 point decrease for overall averages and a 32 point increase for LTEL students, and a 4 point increase for EL.

This includes Actions 1.2, 1.4, 1.5, 1.6, 1.7, 1.8, 1.12, 1.14, 1.16, 1.17, 1.20, 1.21, and 1.23

Actions within this goal related to math SBAC performance improvement were slightly effective with very slight decrease of .8 points average overall, but with increased for EL and SED students. SWD saw a significant drop of 16.3 points average and LTEL declined 5.9 points.

This includes Actions 1.2, 1.4, 1.5, 1.6, 1.7, 1.8, 1.12, 1.14, 1.17, and 1.21.

Actions related to English Learner growth on the ELPI and reclassification were showing very positive effects. Data from the end of that first year shows a very sizeable increase for ELPI with EL students overall (+61.2%) and LTEL Students (+49.3%.) For EL students overall, that

is a 42.7% over baseline. We are eagerly anticipating the results from Spring 2026 testing and reclassification to determine ongoing effectiveness. This includes actions 1.3, 1.9, 1.10 and 1.14

Actions related to Student Connectedness were effective with 83.5% of students reporting feeling connected to school. This includes actions 1.13, 1.18

Action 10 was effective as we were able to maintained academic rigor and see improvements in ELA and Math results.

Actions 1.1, 1.2, 1.12, 1.20, and 1.23 show mixed effectiveness with some grades rising and others falling. We are examining consistent assessment practices and implementation of literacy strategies.

Action 1.11, 1.15, 1.19, and 1.22 have not yet been effective with increasing student connectedness, although our overall rate remains relatively high over 83%. We are considering adaptations to this action in the next three year plan, if the third year doesn't show results.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Metric 1.7 was updated to reflect the CDE use of "Science Points" in reporting, beginning with the December 2025 dashboard

Action 1.6 was updated to show LREBG funding supports and metrics due to the ending of other one-time funding sources.

Action 1.16 was updated to reflect an increasing role for the TOSA with the addition of the CTEIG grant match to provide production trade and VAPA career related experiences in 2026-27

Action 1.20 was updated to reflect change from certificated position to less expensive classified position due to funding changes.

Fiscal amounts have been adjusted where needed to reflect new budget figures for 2026-27

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Maintain Highly Qualified Teaching Staff	The district provides highly qualified teachers to ensure quality teaching in all classrooms. 100% of teachers will be appropriately assigned as per the county personnel report. 92% of the teaching staff are fully credentialed in 2023-2024.	\$2,915,149.00	No

Action #	Title	Description	Total Funds	Contributing
1.2	Response to Intervention	Intensive and Strategic interventions for students below grade level in ELA and/or math including "Kindergarten Boot Camp" as an early intervention. Purchase of materials and applications to support interventions (IXL, Zearn, Lexia). Other state funds: LREBG (Literacy coach), Federal funds: Title IV Local grant from Save The Children paying part of literacy coach LREBG Funding Information: \$36,808 towards classified (Paraprofessional) and Certificated (teaching) salaries and benefits. This action was chosen as an allowable expenditures in the category of : Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of evidence-based learning supports such as providing early intervention and literacy programs and tutoring or other one-on-one or small group learning supports. They are designed as evidence based solutions to address- overall literacy rates and English Learner results on ELA and ELPAC in the area of reading as identified in the Educational Partners needs assessment process. This is based on the research behind effective implementation of Response to Intervention and providing smaller group, targeted assistance to meet the diverse learning needs of students and close achievement gaps between subgroups. Success will be measured by literacy results as shown in metrics 1 and 11	\$89,450.00	Yes
1.3	Supplemental Math Materials	Supplemental math materials that are aligned with Common Core State Standards grades (TK-8) will be purchased. In addition, the district will provide training as needed, based on student assessment results and teacher/ administration input.	\$100,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.4	Learning Director	Funding for 2 Learning Directors. Funding of position ensures that actions principally directed towards unduplicated, EL, and exceptional needs students takes place. Federal funds: Title I	\$371,395.00	Yes
1.5	Transitional Kindergarten Teacher and Paraprofessional	The district will continue to provide an additional Highly Qualified teacher and paraprofessional to provide a transitional kindergarten class that is differentiated (not integrated) specifically for transitional kindergarten students, also allowing for smaller classes in support of students with exceptional needs.	\$225,722.00	Yes
1.6	Paraprofessional Support	Fund current paraprofessionals for instructional support and intervention, support of students with exceptional needs and low-income students: library technician, mobile computer aide support, and technology assistant. Federal funds: Title I, ESSER LREBG Funding Information: \$111,169 towards classified (Paraprofessional) salaries and benefits. This action was chosen as an allowable expenditures in the category of : Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of evidence-based learning supports such as providing early intervention and literacy programs and tutoring or other one-on-one or small group learning supports. They are designed as evidence based solutions to address- overall literacy rates and English Learner results on ELA and ELPAC in the area of reading as identified in the Educational Partners needs assessment process. This is based on the research behind effective implementation of Response to Intervention and providing smaller group, targeted assistance to meet the diverse learning needs of students and close achievement gaps between subgroups. Success will be measured by literacy results as shown in metrics 1 and 5	\$388,446.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.7	Core Paraprofessionals	Fund basic staffing of Paraprofessionals for instructional support of at-risk students including EL, Foster youth, and homeless, and exceptional needs students. Federal Funds: Title I	\$91,940.00	No
1.8	Professional Development	Provide differentiated professional development for all certificated and classified staff in alignment with professional goals. This could include attendance at conferences or trainings as determined by individual needs and goals. Certificated Staff Professional Learning Community (PLC) Staff Development.	\$20,000.00	Yes
1.9	Student Technology	Providing students with easy access to technology hardware and software for required learning and assessments to include Chromebooks and internet access in grades TK-8. Federal funds: Title IV	\$100,000.00	Yes
1.10	Engaging and Rigorous Academic Program	Provide an engaging and rigorous academic program to increase participation for all students including English Learners, Foster Youth, and Low Income, students with exceptional needs subgroups. Specific steps to include implementation of Guided Level Reading, Writing Units of Study, Reading Units of Study, and supplemental materials for integrated ELD for Reading and writing units of study.	\$10,000.00	Yes
1.11	After School and Summer School Programs	Provide additional intervention opportunities for at risk youth such as English Learners, Foster Youth, and Low-Income subgroups through extended learning opportunities including after school and summer school interventions.	\$915,722.00	No

Action #	Title	Description	Total Funds	Contributing
		ASES/ELOP Funded and supplemented with Title IV		
1.12	Student Assessment and Data Software	Student Assessment, and Data Software Technology will be implemented as needed to assist with data analysis and disaggregation. This action includes purchase of software and personnel costs to implement action.	\$35,550.00	Yes
1.13	Classroom Libraries	The school will maintain supplemental classroom libraries in all TK-8 classrooms.	\$10,000.00	Yes
1.14	Teacher Leadership Committee	The school will maintain a teacher leadership team to assist with analyzing achievement data, determining appropriate next steps, and helping to facilitate collaboration in grade level spans. Teachers providing their service will be paid an additional stipend.	\$25,845.00	Yes
1.15	Teacher on Special Assignment (TOSA)	The district will be adding a teacher on special assignment (TOSA) in the 2023-24 school year and maintain that position to provide additional electives in the area of arts and music.	\$29,166.00	Yes
1.16	Intervention Learning Materials	The District will purchase intervention curriculum/materials to provide supplemental services for all students in response to assessment data showing achievement gaps between student groups in Math, ELA, and ELD.	\$5,000.00	Yes
1.17	Professional Development Consultants and Coaching	The district will provide staff development to certificated and classified staff in ELA/ELD, science, and mathematics state standards to support the achievement of all students including EL, and exceptional needs students. Consulting contracts with TCOE will be paid to provide these services. Federal Funds: Title I, Title II	\$116,293.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.18	Project Based Study Trips	Project-Based study trips will be provided to all students and correlate to the adopted Common Core State Standards.	\$35,000.00	Yes
1.19	Teacher on Special Assignment	The school will add another TOSA to support with coordinating, implementing and training Instructional Assistants to run interventions around literacy. LREBG Funding Information: \$39,791 towards classified (Paraprofessional) salaries and benefits. This action was chosen as an allowable expenditures in the category of : Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of evidence-based learning supports such as providing early intervention and literacy programs and tutoring or other one-on-one or small group learning supports. They are designed as evidence based solutions to address- overall literacy rates and English Learner results on ELA and ELPAC in the area of reading as identified in the Educational Partners needs assessment process. This is based on the research behind effective implementation of Response to Intervention and providing smaller group, targeted assistance to meet the diverse learning needs of students and close achievement gaps between subgroups. Success will be measured by literacy results as shown in metrics 1 and 2	\$208,178.00	Yes
1.20	Library Technician	The district will provide a Library Technician to assist teachers in providing materials that are standards aligned and support academic achievement.	\$78,077.00	Yes
1.21	PE Program and Equipment	In order to free up multiple subject teachers to meet as PLC's and plan interventions, the District has added a full time Physical Education Teacher	\$161,060.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and PE Assistant to improve both the quality of the academic program and the quality of the PE program provided.		
1.22	Classroom Furnishings	Purchase classroom furniture to create a classroom environment that promotes collaboration, creativity, and problem solving.	\$16,000.00	Yes
1.23	Library Materials	Purchase additional materials for new library/media center.	\$10,000.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Improve English language acquisition of all English Language Learners, including Long Term English Learners (LTEL) who have been in the program 6 years or more without being reclassified to "Fluent."	Broad Goal

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Educational Partners note the need to continue support of English Learners students through targeted actions and to note the importance of this through a separate LCAP goal.

53.3% of our English Learner students didn't not increase 1 ELPI level last year.

EL students performed 27.6 scaled score points below the school average on the CAASPP ELA test last year

EL students performed 19 scaled score points below the school average on the CAASPP Math test last year

To address the continuing gap in EL vs. ALL student groups for math and ELA as well as the continuing needs shown by reclassification results to support language acquisition, the actions in this goal were planned.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Improving Proficiency % of English Learners who increased one ELPI level or more that year. English Language Proficiency Indicator (ELPI)	All English Learners: 46.7% Long Term English Learners (LTEL): Data to be reported beginning with Dec. 2024 Dashboard. That data will be utilized as new baseline.	18.2% made progress (decline of 28.5%) 38.9% of LTEL made progress (new baseline) 2024 Dashboard	79.4% made progress (increase of 61.2%) 88.2% of LTEL made progress (increase 49.3%) 2025 Dashboard	All English Learners 50% Long Term English Learners (LTEL) 45%- new target	Overall EL Group: increase of 32.7% increase 49.3% of LTEL made progress

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	Ca School Dashboard Indicator	2023 Dashboard 38.9% of LTEL made progress (new baseline) 2024 Dashboard				
2.2	Reclassification Rate % of English Learner Students who were reclassified to "Fluent" that year. CALPADS Report	All English Learners 23.3% Long Term English Learners- Baseline to be established in 2024-2025 school year 2022-2023 School Year Long Term English Learners- 28% (new baselined) based on 2024-25 data	6% Reclassification Rate 28% LTEL (new baselined) 2023-24 School Year	6.4% 2024-25	All English Learners 30% LTEL- 35%- new target	Decreased 16.9%
2.3	CAASPP ELA Results Average Score for English Learner Students CA School Dashboard	All Students: 34.6 points below EL Students: 62.2 Points below Long Term English Learners (LTEL): Data to be reported beginning with Dec. 2024 Dashboard. That data will be utilized as new baseline. 2023 Dashboard	All Students- 31.1 points below (increase 3.5 points) EL students- 60.6 points below (increase 1.6 points) LTEL students- 80.3 points below (new baseline) 2024 Dashboard	All Students- 34.8 points below (decrease 3.8 points) EL students- 56.4 points below (increase 4.1 points) LTEL students- 48.3 points below (increase 32 points) 2025 Dashboard	All Students: 20 points below - new baseline EL Students: 40 points below- new baseline LTEL: 60 points below- new baseline	All Students- decrease 0.2 points EL students- increase 5.8 points LTEL students- increase 32 points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		LTEL- 80.3 points below New baseline from 2024 Dashboard				
2.4	CAASPP Math Results Average Score for English Learner Students CA School Dashboard	All Students: 27.2 Points below EL Students: 46.2 Points below Long Term English Learners (LTEL): Data to be reported beginning with Dec. 2024 Dashboard. That data will be utilized as new baseline. 2023 Dashboard LTEL- 42.4 points below- new baseline from 2024 Dashboard data	All Students- 24.8 points below (increase 2.4 points) EL students- 53.5 points below (decline 7.3 points) LTEL students- 42.4 points below (new baseline) 2024 Dashboard	All Students- 24 points below (decrease 0.8 points) EL students- 44.3 points below (increase 9.2 points) LTEL students- 48 points below (decrease 5.6 points) 2025 Dashboard	All Students: 15 points below EL Students: 30 points below LTEL Students- 22 points below	All Students- increase 3.2 points EL students- increase 1.9 points LTEL students- decrease 5.6 points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All actions in this goal were implemented

Action 2.1 was less implemented than originally planned due to fewer PD days. This was caused by the challenge of schedule conflicts this school year.

Action 2.2 had less implementation than originally planned due to a lack of fully developed supports within our system. There is a plan to increase these services for 2026-27

There were no particular successes with implementation, other than being able to fully implement the other actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 2.1- ELD Professional Development- Underspent by 70% (\$14,000) due to fewer days of separate ELD professional development than anticipated. Additional days are planned for 2026-27
Action 2.2- Classroom Supports- Underspent by 40% (\$30,300) as we were unable to fully develop comprehensive supports for our MTSS.
Action 2.3- Reclassification Celebration- Underspent by 15% (1,100) as costs were overestimated for this year's events.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

We are in the second year of a three year plan.

(Actions 2.1, 2.2, 2.3)

The actions in this goal related to supporting English Learner and Long Term English learners have been very effective this last year. In the area of ELA (+4.2 points/ +32 points) and English Language Proficiency (+ 61.2% for EL and +49.3% for LTEL). Math scores increased 9 points for the EL subgroup and 9.2 points for the LTEL student group. Reclassification rates, however, have fallen so we will need to examine the root case more fully and adapt within these actions for the final year to determine needs for the new three year plan.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There were no changes to this goal, metrics, outcomes, or actions for this coming year. We are working on consistent use of the practices from professional development and monitoring growth after one full year of implementation affecting data.

Some adjustments were made to funding amounts to reflect the 2026-27 anticipated budget amounts.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	ELD Professional Development	Provide staff development for teachers, paraprofessionals, and administrative staff on best practices for English Language Development including Designated ELD (Separate instruction in language development)	\$33,254.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and Integrated ELD (support for English Learners and Long-term English Learners across all subjects/classes). Federal funds: Title III		
2.2	Classroom Supports	Provide paraprofessional support for English Learner and Long-term English Learners students. Title III Funding	\$71,196.00	Yes
2.3	Reclassification Celebration	A reclassification celebration will be held for English Learners and Long-term English Learners who have met all reclassification criteria in that school year. Title III Funding	\$22,507.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Create a positive school and community culture by providing parents, students, and staff with a safe, well maintained school environment that is accessible by all educational partners.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Monson-Sultana is proud of its low suspension and expulsion rates, high average attendance rates, and overall positive school culture. We would like to continue to maintain these, while working on our Chronic Absenteeism rate this coming school year.

A positive school culture contributes to the overall success of students both academically and socially. Clean and well-kept facilities, positive attendance habits, and a broad course of study all contribute to positive student outcomes. Educational partner input and survey data has shown a great need to support the social emotional needs of students including providing a welcoming environment that supports feelings of connectedness and safety for all.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Parent Participation in Surveys	28 Parents completed the online LCAP survey. 2023-2024	25 parents completed the online survey 2024-25	37 parents completed the survey 2025-26	50 Parents will complete the online LCAP survey.	Increased by 9 parents
3.2	Suspension Rate % of students suspended one or more	2.5% of All students 2.2 % of English Learners (EL)	4.2% - All Students (increased 1.7%)	4.8% - All Students (increase .06%)	1.5% of All students 1.2 % of English Learners (EL)	All students - increase 2.3%

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 1- Maintain Safe and Secure Environment- Partially Implemented. The services of the Tulare County Sheriff's Officers were not utilized due to issues filling the position.

Action 2- Transportation- Not Implemented- we did not increase routes beyond the normal this year due to time/vehicle issues.

Action 3- Fully Implemented. No unusual successes or challenges in this area

Action 4- Fully Implemented. No unusual successes or challenges in this area

Action 5- Fully Implemented. No unusual successes or challenges in this area

Action 6- Parent/Guardian Communication- Partially Implemented, we did not complete all the outreach we had planned this year.

Action 7- Assemblies- Fully implemented and extended beyond original plan

Action 8- Improve facilities- Fully Implemented- a success was that there wasn't as much wear and tear and modifications needed for increased services as anticipated.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 3.1- Maintain safe and secure environment- Underspent by 45% (\$65,400) due to issues contracting with the Tulare County Sheriff's Office. The position was not filled.

Action 3.2- Transportation- Underspent by 100% (\$5,000) we did not expand our transportation routes this year.

Action 3.6- Parent/ Guardian Communication- Underspent by 40% (\$10,000) as we did not do as much outreach as we had planned, so costs were less than anticipated.

Action 3.7- Assemblies- Overspent by 58% (\$5,000)- we added more attendance challenges and student recognitions

Action 3.8- Improve Facilities- Underspent by 66% (\$40,000)- The costs to maintain facilities and improve for expanded services were not as much as anticipated this year. There were materials and salary savings.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The data for this LCAP review reflects the first full year of implementation, for our three year plan.

Actions related to the Facilities Inspection Report (FIT)- (Actions 1 and 8)

These were effective in helping us maintain our facilities and provide a positive learning and teaching environment for our students, staff, and parents.

Actions related to After School Enrollment - (Action 2)- showed mixed effectiveness with a decrease for Students with Disabilities and Homeless students, but a slight increase in Chronic Absenteeism for other subgroups and overall. We are evaluating what changed from the prior year's success and making adjustments overall.

Actions related to Student feeling of connectedness, parent connectedness -(Actions 1, 3 4,6 and 7) were successful with the % of students reporting feeling connected to school remaining high at 83.5%. Data for parents showed a decrease in this area, so that will be focused in on for 2026-27 through these actions. Teachers remain very high in connectedness.

Actions related to Suspensions (Action 5-) Partially Effective: Suspensions increased for Students with Disabilities and Homeless, but fell for EL and LTEL students. Overall rates remained relatively flat.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There were no changes to the goal or existing actions because educational partner input was to stay the course and improve implementation of all actions.

Action 3.9 was added to address Educational partner concerns with unduplicated student behavior that was impacting classroom safety and unduplicated student academic performance.

Adjustments were made to some of the funds for each action to align with 2026-27 anticipated budget figures.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Maintain Safe and Secure Environment	Provide a secure environment with clean and accessible facilities that support student engagement and maintain a safe and positive climate of learning.	\$108,065.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Federal funds: Title V REAP		
3.2	Transportation	Increase attendance and safe routes to school by ensuring transportation for rural area route and adding additional routes for after school programs as needed.	\$5,000.00	Yes
3.3	Student Activities Center	Maintain a gym to serve students and community to house events, assemblies, performances, graduations, and athletic competitions which provides greater engagement and connectedness to the school.	\$300,000.00	Yes
3.4	Expand After School Programs	Expand program offerings after school including extra and co-curricular activities.	\$253,260.00	Yes
3.5	Positive Behavior Incentives	Provide assemblies, monthly/ trimester incentives, and other activities that reward students for behavior and attendance. This includes positive behavior promotions, posters, charts, and other schoolwide visible items for these themes.	\$9,500.00	Yes
3.6	Parent/Guardian Communication	Utilize a variety of communication methods/strategies for parent outreach, including Parent Square, signage, web page, and other technology solutions. Federal funds: Title I and Title V REAP	\$13,041.00	Yes
3.7	Assemblies	Promote a positive learning environment across campus with events and assemblies for students that provide education on appropriate behaviors, anti-bullying activities, and online safety.	\$8,000.00	Yes
3.8	Improve Facilities	Ensure "exemplary" rating is maintained on facilities inspection so that students, parents, and staff have a pleasant work environment that is	\$60,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		conducive to student learning and a feeling of safety for all. This may include purchase or early replacement of worn outdoor equipment and outdoor/indoor facilities improvements.		
3.9	Intensive Behavioral Supports	Provide additional behavior supports including: • Behavior Aides , BCBA or Social Worker services • Training for staff to support students with intensive behaviors • Parent Workshops Partially funded by State Mental Health Grant and Federal Mental Health Grant	\$160,197.00	Yes

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2026-27]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant
\$1,879,762.00	\$236,010

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
37.207%	2.061%	\$101,085.00	39.268%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.2	Action: Response to Intervention Need: CAASPP 2023-24 ELA Results All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below	Provides additional instructional time and resources to address learning gaps for at risk students. Pays for technology based- adaptive learning programs and diagnostic programs that help staff understand areas of struggle and design further interventions. Provides for an early intervention program for entering kindergarten students to support literacy, parent engagement, and school readiness.	1.11- DIBELS/ DRA Reading Results 1.1- SBAC ELA Results (EL, SED, SWD, FY)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Foster Youth: * * no data reported on dashboard due to small size of subgroup Our English Learner and Students with Disabilities groups fell significantly lower on ELA state testing results than the overall school population. The majority of these students are also dually identified as low-income. There is a need for early interventions to prepare them for school and also programs that adjust to learner needs to meet their wide array of performance levels. Scope: LEA-wide	In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-wide/school-wide to maximize the impact to Unduplicated Pupils and other students who also exhibit the need for these services	
1.3	Action: Supplemental Math Materials Need: CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * * no data reported on dashboard due to small size of subgroup EL, SED, and SWD student math results on standardized testing are significantly lower than the overall student average.	Provides additional learning materials to address targeted instructional areas for math achievement, that are needed by the EL, SED, and SWD students. In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-wide to maximize the impact to Unduplicated Pupils and other students who also exhibit the need for these services.	1.5- CAASPP Math Results (EL, SED, SWD, FY)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Teachers have analyzed the existing core instructional materials that were approved by the CDE more than eight years ago and determined that they do not provide the necessary support materials for instruction and practice to address the areas needed by these subgroups. Scope: LEA-wide		
1.4	Action: Learning Director Need: CAASPP 23-24 ELA RESULTS All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: * CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * * no data reported on dashboard due to small size of subgroup	Increases professional development and data services for teachers of unduplicated pupils to support them in better meeting their unique needs. This requires a dedicated staff member to run and analyze data with staff, support staff development, coach new teachers, and assist students/parents in partnering with the school for student performance. In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-wide to maximize the impact to Unduplicated Pupils and other students who also exhibit the need for these services.	1.1 and 1.5- CAASPP Scores ELA and Math

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	CAST Science results 2023-24 % at or above proficient All Student Group: 23.81% EL: 3.13% SED: 24.46% SWD: * Foster Youth: * SED, EL and FY students show significant gaps in ELA, Math, and Science on the CAASPP results (See metrics in Goal One) During analysis of the student results, a wide variety of individualized needs were identified. Additionally, students, staff, and parents (annual survey) report the need for greater supports for teachers addressing unduplicated student needs while still meeting state standards. Scope: LEA-wide		
1.5	Action: Transitional Kindergarten Teacher and Paraprofessional Need: CAASPP 23-24 ELA RESULTS All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: *	Early childhood education has been shown to have a significant effect on academic achievement, particularly for students from disadvantaged backgrounds. Evidence shows long term effects on academic achievement as well as social and emotional skill development. 1 teacher will be added to baseline staffing FTE allowing full day instruction for both grade levels without a combination class. Additional instructional time will allow additional intervention to meet the needs of English Learners, SED, and SWD early learners, particularly in the area of early literacy and school-based social emotional/behavioral skills.	1.1, 1.5- CAASPP Math and ELA Scores- EL Subgroup

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * * no data reported on dashboard due to small size of subgroup CAST Science results 2023-24 % at or above proficient All Student Group: 23.81% EL: 3.13% SED: 24.46% SWD: * Foster Youth: * The results of our CAASPP 2023-24 performance data analysis shows that our unduplicated students including English Learners, SED have significant performance gaps in ELA and math that require long-term intervention strategies starting at the earliest grade levels, in order to improve. Scope: LEA-wide	The district will ensure equitable access to all students, fostering their holistic development and enriching their educational opportunities. This approach is particularly beneficial for unduplicated pupils, including foster youth, English learners, and low-income students, as it promotes inclusivity and supports their engagement and success in a well-rounded educational experience on an LEA-wide basis.	
1.6	Action: Paraprofessional Support Need: CAASPP 23-24 ELA RESULTS All Students: 34.6 points below	Provides staffing support for interventions, technology, and library services to reduce the access gap for SED, EL and FY students. Their services will increase library access to recreational reading sources, improve technology use for high interest supplemental learning programs/materials, and provide small group interventions- all of which	1.1 CAASPP ELA (SED, SWD, FY, EL) 1.5 CAASPP Math (SED, SWD, FY, EL)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: * CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * * no data reported on dashboard due to small size of subgroup Staff and parent feedback on the annual survey shows increased needs for small group supports during Tier One and Tier Two instruction in order to meet the diverse needs of unduplicated students within their classrooms. Additionally, reading material access to increase student recreational reading interests was noted as a need because unduplicated students and parents report a lack of high interest reading materials in the home and lack of access to other library resources locally. Scope: LEA-wide	meet unduplicated student identified needs on our campus. This approach is particularly beneficial for unduplicated pupils, including foster youth, English learners, and low-income students, as it promotes inclusivity and supports their engagement and success in a well-rounded educational experience on an LEA-wide basis. It is implemented LEA wide because other students groups, such as SWD demonstrate the same need.	
1.8	Action: Professional Development	Teacher quality and professional development have been shown through research to have the	1.1- CAASPP ELA (SED, SWD, FY, EL)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Need: CAASPP 2023-24 ELA Results All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: * CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * * no data reported on dashboard due to small size of subgroup CAASPP math, English Language Arts, and ELPAC scores have not returned to pre-COVID rates, and unduplicated subgroups continue to perform below standard on average. (See Goal One Metrics) Teachers and administrators report a need for targeted trainings to help them support at-risk student diverse intervention needs, particularly English Learners and SED as well as Students with Disabilities. Scope:	strongest effect on student performance. By selecting evidence-based instructional practices, such as PLCs, designed to meet the needs of unduplicated students, and reinforcing those learnings with coaching and classroom walkthroughs, we will be providing staff with quality professional development and supports to meet student needs. By offering Professional Development programs district-wide, the district ensures that all students, regardless of their background, have access to enriching educational experiences, thereby promoting equity and excellence.	1. 5- CAASPP Math (SED, SWD, FY, EL)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide		
1.9	Action: Student Technology Need: CAASPP 23-24 ELA RESULTS All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: * CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * * no data reported on dashboard due to small size of subgroup SED, EL, and FY students and their parents report (annual survey results) the greatest difficulties maintaining reliable technology access including current table/computers and reliable internet access. Scope: LEA-wide	Provides necessary technology tools for all students, to maintain equitable use of electronic academic resource. Educational partners identified gaps in student access to technology and the growing need for such access to maintain equitable ability to use modern learning tools and develop skills for success in our modern work world. Students who are unable to access ELA and math intervention tools from home, provided to reduce learning gaps, do not have the same opportunities for additional practice needed to improve skills. The district will ensure equitable access to technology for all students, enriching their educational opportunities. This approach is particularly beneficial for unduplicated pupils, including foster youth, English learners, and low-income students, as it promotes inclusivity and supports their engagement and success in a well-rounded educational experience on an LEA-wide basis.	1.1- CAASPP ELA (SED, SWD, FY, EL) 1.5- CAASPP Math (SED, SWD, FY, EL)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.10	Action: Engaging and Rigorous Academic Program Need: 33.7% of our EL students are performing at level three on the ELPAC exam. Further analysis shows that students performed most poorly in the areas of Reading and Writing on this exam. Teachers have analyzed the existing core instructional materials that were approved by the CDE more than eight years ago and determined that they do not provide the necessary support materials for instruction and practice in these areas. Scope: LEA-wide	Provides additional materials to address identified English Learner supplemental materials for reading and writing, aligned with the ELD roadmap, that use evidence based instructional strategies and design. While this action is primarily directed at the needs of the English Learner students, most are dually identified as Socioeconomically Disadvantaged, and both groups will benefit from these materials. In identifying the needs of unduplicated pupils, it is also recognized that other students, beyond the unduplicated category, exhibit similar needs for these services. Therefore, while the focus remains on supporting unduplicated pupils, the actions taken will inherently benefit a broader group of students, promoting equity and success across the entire student population.	1.3- English Learner Proficiency Indicator 1.4- EL Reclassification Rate
1.12	Action: Student Assessment and Data Software Need: CAASPP 2023-24 ELA Results All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: * CAASPP Math Test Results 2023-24 All Students: 27.2 Points below	The disaggregated data from these systems will drive interventions as well as keep students and parents informed of student progress towards grade level standards and personal goals. Provides tools for data collection, reporting, and analysis for teachers, aides, and administration to use for unduplicated student interventions and program evaluations. It also provides staff support for teachers in using this system and maintaining the data. In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-	1.11 DRA/ DIBELS results 1.1 CAASPP ELA (SED, EL, FY, SWD) 1.5 CAASPP Math (SED, EL, FY, SWD)

	Foster Youth: * In analyzing our unduplicated students' recreational reading habits to increase ELA results, we determined that additional access to a range of high interest reading materials and non-fiction materials is needed to promote learning. Teacher, student, and parents report a shortage of reading materials in the home for SED, SWD, FY and English Learner students. Further, data shows that more than 1/3 of our unduplicated families do not have reliable access to online research and data and the library supports non-fiction research and data tools that students need for content area learning. Our rural location and financial constraints limit access to reading materials for unduplicated students in the district Scope: LEA-wide	but particularly in the disadvantaged student group. In identifying the needs of unduplicated pupils, it is also recognized that other students, beyond the unduplicated category, exhibit similar needs for these services. Therefore, while the focus remains on supporting unduplicated pupils, the actions taken will inherently benefit a broader group of students, promoting equity and access across the entire student population.	
1.21	Action: PE Program and Equipment Need: CAASPP 2023-24 ELA Results All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: *	There is a continuing performance gap between EL/ SED student results on CAASPP in ELA and Math and our "All student" groups. In order to implement the PLC process, our teachers needed protected and designated time to meet together to analyze data related to unduplicated students' distinct needs, pre-plan tier one intervention strategies, groups students for Tier two interventions, and design common formative assessments. Administrative and teaching educational partner groups recognized	1.5, 1.1 CAASPP Math and ELA Scores

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * * no data reported on dashboard due to small size of subgroup Our unduplicated students continue to perform below standard on math and ELA, despite improvements in their academic results on the CAASPP. Teachers need time to discuss targeted interventions and plan Tier One supports into their daily routines, to target unduplicated student needs. Scope: LEA-wide	this as an ongoing need to continue the development and growth of PLC's. While multiple subject teachers can teach PE, the hiring of a PE teacher would permit other staff to meet together, plan together, and operate as professional learning communities, while PE teachers instruct and supervise those learning activities. Provides all grade level classroom teachers time to meet as a PLC team and plan Tier One and Tier Two interventions. Collaboratively developing Tier One instruction and Tier Two intervention, the LEA staff will be able to address achievement gaps for unduplicated pupils in ELA and Math. In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-wide/school-wide to maximize the impact to Unduplicated Pupils and other students who also exhibit the need for these services.	
1.22	Action: Classroom Furnishings Need: 83% of students feel connected/engaged at school. GOAL = 100% In forums and surveys unduplicated parents, staff, and unduplicated students indicated the need to support diverse thinkers through non-traditional and flexible classroom environments. SED and EL parents, students and our staff note that these help unduplicated	Provides non-traditional classroom furniture, in addition to the essentials for instruction that allow flexible seating and instructional groupings to meet unduplicated students diverse needs. Educational partners report that different learning modalities need to be supported within classrooms. The room set-up changes are needed to make those an integrated part of the operations. The district will ensure equitable access to classroom furniture for all students, fostering their	1.15- % of students feeling connected/ engaged

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	students by supporting academic conversations and respecting their non-traditional thinking, individuality and differences at the same time. CAASPP 2023-24 ELA Results All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: * CAASPP Math Test Results 2023-24 All Students: 27.2 Points below EL: 46.2 Points below SED: 32.4 Points below SWD: 111.7 Points below Foster Youth: * Scope: LEA-wide	holistic development and enriching their educational opportunities. This approach is particularly beneficial for unduplicated pupils, including foster youth, English learners, and low-income students, as it promotes inclusivity and supports their engagement and access s in a well-rounded educational experience on an LEA-wide basis.'	
1.23	Action: Library Materials Need: CAASPP 2023-24 ELA Results All Students: 34.6 points below EL: 62.2 Points below SED: 39.4 Points below SWD: 91.6 Points below Foster Youth: *	Meets the increased need for high interest reading materials available to our unduplicated student population. This action maintains library collections, supports unduplicated students in book selection, and provides teachers with supplemental non-fiction materials for units of study. School libraries are an evidence-based strategy. Research shows that school library spending has a strong correlation to student reading scores. Effects of library were across all student groups,	1.11- DRA/ DIBELS results 1.1- CAASPP ELA results (SED, EL, FY, SWD)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	In analyzing our unduplicated students' recreational reading habits to increase ELA results, we determined that additional access to a range of high interest reading materials and non-fiction materials is needed to promote learning. Teacher, student, and parents report a shortage of reading materials in the home for SED, SWD, FY and English Learner students. Further, data shows that more than 1/3 of our unduplicated families do not have reliable access to online research and data and the library supports non-fiction research and data tools that students need for content area learning. Our rural location and financial constraints limit access to reading materials for unduplicated students in the district Scope: LEA-wide	but particularly in the disadvantaged student group. 3.1	Action: Maintain Safe and Secure Environment Need: FIT Report- Maintaining at 100% due to our attention to upkeep of our facilities to maintain a safe and positive work and educational setting. Living in a small rural community, many of the district's low-income and English Learner students do not have access to extra-curricular or enrichment activities outside of what the school provides during the instructional and	Provides cleaning and maintenance services that allow us to continue offering unduplicated student services and family engagement events related to unduplicated student needs. Increases staff time for maintenance and cleaning services connected to the increased use of facilities for LCAP actions and related unduplicated student support programs. This action will continue to provide an environment conducive to learning, safe and well functioning facilities, and access for parents looking to engage in their children's education.	FIT Inspection report Percent of Parents, staff, and students who report feeling safe and connected to school. Annual Survey

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	after school time. Many face fiscal or transportation constraints that limit their access to such activities. Increasing our services for unduplicated students to better meet their needs, and provide programs for extended learning opportunities, parent engagement activities, community services, etc. that serve our unduplicated students takes a large toll on facilities and places stress on the current maintenance team unless additional time and staffing is provided. Educational partners note that the increased programs take a toll on our physical environment and increase safety concerns on campus. In order to continue offering extended services to our unduplicated students, we need to have additional maintenance and cleaning hours for staff. Research indicates the need to maintain students' and staff feeling of safety (A Maslow hierarchy need) before staff can excel in their craft and students affective filter allows long-term learning of materials and academic success. We need to maintain the systems in place that makes that possible. In order to continue these expanded services for unduplicated students, and maintain the facilities with the added wear and tear, additional staffing time is needed.	The district will ensure equitable access to safe and secure environments for all students, fostering and enriching their educational experience. This approach is particularly beneficial for unduplicated pupils, including foster youth, English learners, and low-income students, as it promotes inclusivity and supports their engagement and success in a well-rounded educational experience on an LEA-wide basis.	

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide		
3.2	Action: Transportation Need: SED, EL, and FY parents (annual survey) report continued need for safe and enriching after school programs, but they also report issues with transportation to and from the school site. The coordinator of the program agrees that most unduplicated pupils in the program require school to home transportation services in order to participate. In order to support unduplicated student enrollment in these programs, the district must provide additional transportation services. Scope: LEA-wide	Increase the ability of unduplicated students to attend afterschool programs- targeted to their need for engagement, safety, and enriching educational experiences- by providing additional transportation services for after school program and events. In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-wide/school-wide to maximize the impact to Unduplicated Pupils and other students who also exhibit the need for these services.'	Metric # 3.4
3.3	Action: Student Activities Center Need: 83% Students 71.5% of teachers 96% of parents Reported feeling connected to school in 2024-25	Maintain a gym to serve students and community to house events, assemblies, performances, graduations, and athletic competitions which provides greater engagement and connectedness to the school. By offering the student activities center district-wide, the district ensures that all students, regardless of their background, have access to these enriching educational experiences, thereby promoting equity and excellence.	Metric # 3.13

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Baseline was established with 2024-2025 surveySite administration, staff, parents, and students report a lack of local community events for unduplicated students due to our location in a small, rural community. (annual survey analysis). Interviews with parents and staff note that the lack of area facilities that pull the community together for services, programs, supports, recreational opportunities and meetings/informational gatherings has an affect on the community connectedness and the feeling of connectedness to the school site. SED and EL parents, specifically, note that attending events in larger cities around us is not possible due to work schedules and the economic costs associated with additional transportation. We need to address a lack of local programs and community space for students, and a lack of transportation to offerings outside of the immediate area for Socio-Economically Disadvantaged students, Foster, and Migrant students by maintaining a safe and local facility for such activities that can be used by school and community groups. Scope: LEA-wide		
3.4	Action: Expand After School Programs Need:	Provides context for content area grade level learnings, expanded experiences for English learners, socio-economically disadvantaged and foster youth in order to assist them in competing	Student survey results: Feelings of engagement/connected to school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Site administration, staff, parents, and students report a lack of local community events for unduplicated students due to our location in a small, rural community. (annual survey analysis) Additionally, SED and EL parents note that attending events in larger cities around us is not possible due to work schedules and the economic costs associated with additional transportation. We need to address our unduplicated students lack of educational enrichment opportunities in the areas of science, art, and broader community awareness. Scope: LEA-wide	with other students who do not have those same barriers. Provides funding for co-curricular and extra-curricular experiences that enrich student learning, build additional context for new learnings, and provides a broader awareness of the larger community we live in as well as opportunities for our students' futures. By offering after school programs district-wide, the district ensures that all students, regardless of their background, have access to these enriching educational experiences, thereby promoting equity and excellence.	Locally calculated by enrollment and teacher survey
3.5	Action: Positive Behavior Incentives Need: 2.5% of All students 2.2 % of English Learners (EL) 2.5% of Socioeconomically Disadvantaged (SED) 0% of Students with Disabilities (SWD) * Foster Youth data not provided due to small subgroup size Student Suspension rate 2023-2024 Disaggregating additional behavioral data we see an increase of suspensions for SED	Supports Positive Behavior Intervention and Support program which is an evidence based program designed to increase positive culture on campus, recognize good conduct, and reduce bullying, fighting, and other unsafe behaviors. Decreases effect of bullying and defiant behavior on campus for unduplicated students and provides parents with concrete programs to alleviate safety concerns. In identifying the needs of unduplicated pupils, it is also recognized that other students, beyond the unduplicated category, exhibit similar needs for these services. Therefore, while the focus remains on supporting unduplicated pupils, the actions	Metric # 3.2

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	students vs. non SED students and behavioral referrals prior to suspension for lesser offenses such as defiance and bullying. SED and EL students are both victims and offenders in the data. Addressing increased behavior concerns, bullying reports, and overall campus safety concerns as seen in the discipline data and reported by parents of unduplicated students in annual survey results. Scope: LEA-wide	taken will inherently benefit a broader group of students, promoting equity and success across the entire student population.	
3.6	Action: Parent/Guardian Communication Need: Parent engagement data baseline to be established 2024-25 with specific survey question to measure % similar to student group data. SED and EL parents (Annual Survey) report issues knowing when events are scheduled, changes to schedules, and opportunities to engage in decision making processes. Additionally, when speaking during interviews, unduplicated parents note a lack of reliable internet/ computer access, widespread use of cell phone data for contacts, and irregular mail services/ mail pick up increase difficulties.	The school must use multiple methods to reach unduplicated families, because they are using multiple methods for their own information intake and communication tools. In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-wide/school-wide to maximize the impact to Unduplicated Pupils and other students who also exhibit the need for these services.	% of parents reporting feeling connected to school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Parent engagement relies on communication with school. This is a challenge at Monson-Sultana with our unduplicated families. Scope: LEA-wide		
3.7	Action: Assemblies Need: 83% of pupils report being engaged/connected to school (2024-25) Baseline was established with 2024-2025 survey Unduplicated students perform lower on math, ELA, and Science than the all student group. In analyzing those CAASPP results further, we went to our educational parents for EL, SED parents/students and the teachers of unduplicated pupils and they reported a general feeling of disengagement and discouragement in students that continues to impede student progress. They noted a need for recognition of successes to bring students, parents, and teachers together to celebrate the wins and increase motivation and the feeling of common goals and teamwork. Scope: LEA-wide	By increasing opportunities for Unduplicated Pupil to participate in activities/events that build a positive school culture, these students will feel a sense of belonging and connectedness that will increase engagement and positive feelings toward school. Recognizes growth, progress, achievement and add motivation to continue academic/ behavioral improvement efforts. Provides an opportunity for parents, school, and student to come together to recognize the student's accomplishments and build collaborative relationships and positive connections to the school site. In order to most effectively and efficiently implement this action to address the need of Unduplicated Pupils, it is being implemented LEA-wide/school-wide to maximize the impact to Unduplicated Pupils and other students who also exhibit similar needs.	% of SED, FY, and EL parents feeling connected to school % of SED, FY, and EL students feeling connected to school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
3.8	Action: Improve Facilities Need: Reported feelings of safety on campus (2023-24 survey) 70% Students 83% of teachers 94% of parents FIT report- 100% Our unduplicated pupils require more supports during school hours, after school, and for parents/families in order to meet their diverse needs. This requires using our facilities more extensively for additional programs. The additional events including parent, student, and staff focused activities, as a result of these actions places additional strain on facilities and maintenance staff. Educational Partner feedback from our other personnel indicates the need to acknowledge and support that as we plan around these additional services and events. For students: Research indicates the need to maintain students' and staff feeling of safety (A Maslow hierarchy need) before staff can excel in their craft and students affective filter allows long-term learning of materials and academic success. We need to maintain the systems in place that makes that possible.	Allows us to continue providing additional services in our facilities to meet the needs of unduplicated students and their families. Provides additional support for maintenance and cleaning needs, due to the increased programmatic services offered to support unduplicated students on campus. By offering improved facilities district-wide, the district ensures that all students, regardless of their background, have access to these enriching educational experiences, thereby promoting equity and excellence.	FIT Report

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide		
3.9	Action: Intensive Behavioral Supports Need: 2025 CDE Dashboard results Suspension Rates 4.8% - All Students (increase .06%) 4.7% Hispanic (increase .04%) 5.3% EL- (decrease .01%) 5.2% SED- (increase .04%) 14%- SWD (increase 14%). *** 9.1% LTEL- (decrease 5.9%)**** 9.1% Homeless- (increase 5.2%)**** Behavioral interventions were identified as a need due to outburst, eloping, and destructive behaviors seen in our unduplicated student groups in higher percentages than other groups. Scope: LEA-wide	The SEL/ Mental Health/ Behavioral team supports will provide individualized plans and support teaching/admin teams in identifying the root causes of behaviors as well as developing and implementing a consistent behavior support plan. They will provide additional services to families to bridge the gap between school and home supports as well. While this intervention team is being designed primarily to address the identified needs in our unduplicated student population, other students may also benefit from these services so it will be applied LEAwide.	Suspension rate (SED, EL, FY)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
2.1	Action: ELD Professional Development Need: MATH CAASPP results All Students: 34.6 points below EL Students: 62.2 Points below ELA CAASPP results All Students: 34.6 points below EL Students: 62.2 Points below Long Term English Learners (LTEL): Data to be reported beginning with Dec. 2024 Dashboard. That data will be utilized as new baseline. English Learners performed lower than the overall average in math, and ELA on the state tests. Additionally, they struggled on the ELPAC in the domains of writing and reading. Teachers and administrators analyzed the results and determined a need for targeted professional development in the areas of differentiation and meeting struggling English Learner students' needs. Scope: Limited to Unduplicated Student Group(s)	Provides professional development to meet the identified need of our staff to better meet the variety of learning needs within the EL and LTEL student group. Teachers will analyze data, look at evidence-based strategies for supporting English language development, and incorporate those, with the assistance of consultants, into their daily instructional routines. Since our English Learner population is predominately dually identified as Socioeconomically Disadvantaged, these actions will benefit both subgroup results.	EL Reclassification ELPI rate CAASPP ELA (EL) CAASPP Math (EL)

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
2.2	Action: Classroom Supports Need: Math CAASPP Results All Students: 27.2 Points below EL Students: 46.2 Points below Long Term English Learners (LTEL): Data to be reported beginning with Dec. 2024 Dashboard. That data will be utilized as new baseline. ELA CAASPP results All Students: 34.6 points below EL Students: 62.2 Points below Long Term English Learners (LTEL): Data to be reported beginning with Dec. 2024 Dashboard. That data will be utilized as new baseline. The consistent academic performance gap for EL students indicates the need for additional in-class support and small group interventions. This is particularly true given the feedback from parents, students and staff that EL students have very diverse learning needs that are difficult for one person to meet during Tier One instruction. Since our English Learner population is predominately dually identified as Socioeconomically Disadvantaged, these actions will benefit both subgroup results.	Additional in-class and small group intervention support for EL and LTEL students. Provides staffing for small group interventions for English Learner and Long-Term English Learner students.	EL Reclassification ELPI rate

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Scope: Limited to Unduplicated Student Group(s)		
2.3	Action: Reclassification Celebration Need: All English Learners 23.3% Long Term English Learners- Baseline to be established in 2024-2025 school year Staff surveys indicate that when interacting with EL parents, there is a hesitancy and feeling that they are less welcome and respected as educational partners because of language skills. LTEL and EL Parent engagement is a strategy for increasing student achievement includes recognizing student accomplishments as a home-school team due to both the school staff and parent commitment to support learning. Scope: Limited to Unduplicated Student Group(s)	Provides opportunities for LTEL and EL parents to support their students' accomplishments and for staff to recognize parent contributions to student success. Builds EL and LTEL parent engagement and partnership for student success. Since our English Learner population is predominately dually identified as Socioeconomically Disadvantaged, these actions will benefit both subgroup results.	EL Reclassification

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

This plan contains no actions with a planned percentage of improved services.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Monson-Sultana is a single school district.

Additional staffing for direct services to students can be found in these actions within our LCAP.

1.2, 1.6, and 2.2- paraprofessionals for instructional supports and interventions
1.5- TK program instruction- full day and eliminating a TK/K combination class
1.15- Art/Music instruction
1.19- Intervention teacher/Learning Director
1.20- Library staffing
1.21- Physical Education- additional teacher

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	n/a	n/a
Staff-to-student ratio of certificated staff providing direct services to students	n/a	n/a

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of EC Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by EC Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
