### 8:33am- DEPARTMENT REPORTS

- Counseling - Miguel shared that we have 94 students. There are 37 new students this year. Every student has a grad plan to be aware of credit needs and plans for the year. The goal is to help students who are behind. We are now offering academic support with Dana.
- Teacher - Alexis shared that she is now full time at Silver and here to support students with IEPs so they are on track to graduate.
- Student Report - Abigale shared that she started a dance club and there are a lot of students signed up for it. Katy shared on another student's behalf that there's a request to use the A wing bathroom. Abigale suggested that when you minga you are given a key and then have to return it. Julie shared that this works with her class and that the reason that the bathroom is locked is due to it getting trashed in the past.
- Principal Report - Katy shared that we have 4 big goals this year. We are aligning instruction to our ELOs, promoting student/family engagement, policy and procedure clarification and accountability, transition for senior portfolio in senior strong class. Patricia shared that she felt welcomed and comfortable as a new student's parent.

Abigale shared that all of the teachers and staff have been very supportive and want to help you help yourself and be happy. Katy added that attendance has increased 1.2% from last year and has stayed consistent.
