2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Richvale Charter Academy's mission is to cultivate curious, capable, and compassionate learners through hands-on, project-based learning grounded in agriculture and STEM. We empower students to explore, innovate, and connect with their environment while mastering college and career-ready skills that prepare them for success in a rapidly changing world. By fostering a community rooted in sustainability, critical thinking, and collaboration, we aim to inspire future leaders who are prepared to make meaningful contributions to their communities and beyond. RCA is a small rice-growing community, located 75 miles north of Sacramento and 19 miles south of Chico. The nearest shopping, medical, and county facilities are ten miles away. Community members are consistently supportive of the school. It is one of three schools in the Biggs Unified School District. Our school has four classrooms. Other facilities include a full-sized gymnasium with a stage and a cafeteria. The school employs three teachers, a principal, and two instructional aides.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The district utilizes a process for adopting standards-based core instructional materials from the most recent State Board of Education (SBE) approved materials list. A committee of administrators and teachers are involved in the review process and make a recommendation to the Board of Trustees for district adoption. Parents have the opportunity to review materials that are recommended for adoption prior to approval. All supplemental curriculum or non-adopted textbooks or instructional materials are standards aligned.

School Facility Conditions and Planned Improvements

The current Richvale building was completed in 1964. The district maintenance department takes care of all campus buildings. The district participates in the State deferred maintenance program. Proposed maintenance projects are listed in five-year plans. Like a majority of the district facilities, Richvale Charter Academy is eligible for modernization funding through the Office of Public School Construction. The district will be working to modernize each school site to ensure that the facilities remain in good repair.

All school facilities comply with the Williams Act. All school facilities are clean, safe, and maintained in good order. Facility improvements include: replaced gym door, hardware, exterior steps, classroom door and hardware, repaired and updated water sample station, installed security cameras and posted safety rules signage.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement
Parent and community involvement in all types of activities is excellent at Richvale. There is an exceptionally active parent club called Richvale Parent Association (RPA). They have been instrumental in spearheading several school fund-raising drives and projects, including the purchase and installation of playground equipment and computers. Parents are often called upon to help with school-sponsored fund-raisers and programs. They support fields trips and educational supplies as needed. Richvale Charter Academy Advisory Board takes an active leadership role in supporting our teachers and students. Parents are surveyed in November and February. Data is used to inform the LCAP as well as to improve school programs.

2025-26 School Safety Plan

The Comprehensive School Safety Plan complies with state requirements and addresses school safety strategies that are preventative and an annual goal for improving school safety. Regular emergency drills are conducted and include evacuation, earthquake and shelter-in-place. The parent advisory council will review and approve the school safety plan annually.

The district-wide Crisis Response Procedures document outlines the district emergency management procedure. Crisis response teams with varied functions are established to support schools in crisis situations. Specific response procedures to earthquakes, fire/explosion, intruders on campus, as well as many of emergency disasters are outlined.

Each year, safety checks are conducted by district maintenance in conjunction with local fire and police. The district is mandated to correct any safety deficiency. The district has a Safety Committee which meets regularly to address safety needs throughout the district.

For more information or to view the Comprehensive School Safety Plan and Crisis Response Procedures, please contact the District Office at (530) 868-1281.

The school safety plan was board adopted on February 12, 2025. It was then communicated with faculty and students.
