

TRUSD EdTech

District Applications 26/27

Brisk

An AI-powered Chrome extension that helps teachers differentiate reading levels, generate lesson plans, and provide instant student feedback. It is a "time-back" tool designed to automate administrative prep directly within your browser. TK-12 🎬 [Brisk Video](#)

Canva

Design stunning visuals, from interactive presentations to captivating infographics. Collaborate in real-time, track student progress, and seamlessly integrate with your Google Classroom. TK- 12

Check out 🎬 [this playlist](#) for ideas

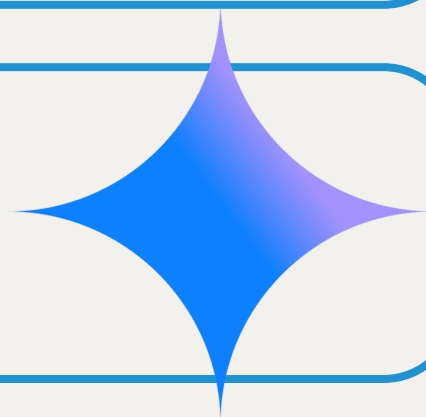

Snorkl

A screen and voice recording tool that makes student thinking visible. Students record themselves solving problems, allowing teachers to assess the "how" and "why" behind their answers for more precise intervention. TK-12 🎬 [Snorkl Intro Video](#)

Google Gemini

The district's secure AI collaborator. It serves as a co-planner for staff to draft communications and a brainstorming partner for students to develop critical thinking and prompt-engineering skills. TK-12

FigJam

FigJam is an online whiteboard where possibilities turn into plans. Teachers can facilitate collaborative group learning while encouraging active participation from students. It's best suited for classroom discussions, brainstorms, and group work. TK-12

Watch 🎬 [this video](#) for a short overview

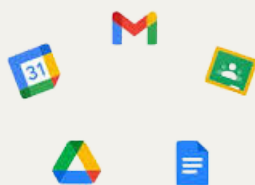

ClassDojo

ClassDojo is an online classroom management platform and app where teachers can record and track student behavior, facilitate classroom activities, curate student portfolios, and engage in school-to-home communication. TK-12
