### Notes From the Health Office

Dear Families,  
If your student is injured and will need to use crutches, a walking boot, a wheelchair, or other assistive devices upon their return to school, please provide a note from your student's primary medical provider or urgent care medical provider sharing their recommendation for this accommodation at school. Please have the medical provider specify a start and end date, along with any additional accommodations/support and activity restrictions needed at school during your student's recovery. We appreciate your support and understanding in helping to keep your student safe at school. Please reach out to your school's health office with any questions or concerns. Thank you!
