DESIRING TO ADDRESS
THE COUNCIL:**

No one was present to address the Council.

FINANCIAL UPDATE: Director of Business Services, Courtney Russell was unable to attend. No Financial Update available.

SELPA ADMINISTRATIVE

REPORT:

Assistant Superintendent of SPED, Joshua Kim, explained that the CDE cleared the two districts with corrective actions. Since the districts were cleared, there is no need to review/approve policy additions from last month.

Preschool SAI Services were discussed. LCOE has been providing a Regional Preschool Teacher to two districts but it has become foreseeable that other preschool services will be needed. Joshua explained that each district is responsible for providing space for the teacher to provide services at their schools, and if districts cannot provide space for the regional teacher, they will need to provide their own teacher for these services.

Joshua opened the floor for discussion pertaining to the K-8 Moderate to Severe Program. He stated that he believes there are three essentials needed to provide these services: staff, location, and to realize how very difficult it is to run a K-8 program. He stated that the program will likely need two teachers and aids due to it not being practical to have kindergarten aged children with 8th grade children. With that considered, he suggested the numbers are very low stating last year there were only seven students. Joshua also mentioned there would have to be administrative support for this program provided by the district housing the program. Also, to be complaint, California requires that students are involved with General Education up to 80% or more. Joshua also mentioned there were three ways to provide these services: previous program, districts open program to other districts creating an MOU between districts, and/or districts provide an SDC class.

Joshua Blackburn stated that it is his belief that staffing is not the problem and that there are more than seven students in need of the program as his District has four currently.

Patricia Gunderson would like to see a work group created to meet and discuss this program. (Jason Waddell, Paula Silva, Josh Blackburn, Joshua Kim and Scott Smith volunteered to take part in the group meeting).

Scott Smith mentioned he does not oppose the program being held in his district again. He mentioned that previously the SELPA Director was the Administrative Support.
