2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Pioneer Technical Center (PTC) Charter High School! PTC is continually looking for opportunities to expand Career Technical Education (CTE) programs relevant to our students, while staying grounded to core education programs through our unique Independent Study Program. Our program offers a smaller learning environment that maintains a lower student-to-teacher ratio not found in most other schools or districts. Our goal is to give all PTC students the opportunity to explore CTE options while earning their high school diploma and getting prepared for College and Career options.

At Pioneer Technical Center, our staff is committed to providing the best education possible in a school environment open to all students in grades 9-12. Our students have the opportunity to explore a variety of options including Core Content areas, Career Technical Education, enrichment-based field trips, sports competitions, problem-based learning, and character building activities and programs with community service opportunities. Our dedicated staff members provide exceptional educational experiences for the young people within Madera County and encourage and inspire students to follow their dreams and pursue college and career goals.

Each day at Pioneer Technical Center, innovative and relevant learning occurs both inside and outside the classroom. We are fortunate to have students that make us better educators and impress us with their accomplishments. We encourage you to be a part of our school community in the various advisory committees and events scheduled throughout the year to provide feedback and insight to help improve educational offerings and experiences for all students. Please come by Pioneer Technical Center anytime or contact me with any questions or inquiries.

Go Mustangs!

2023-24 School Description and Mission Statement

Pioneer Technical Center (PTC) is a unique and innovative charter high school authorized by the Madera County Superintendent of Schools (MCSOS) and accredited by the Western Association of Schools and Colleges (WASC) that intentionally differs from the typical high school and many alternative schools. The standard classroom approach to education works well for most students and many excel on a traditional campus. However, there are a variety of reasons why the traditional approach is less effective for other students. Our goal is to provide all PTC students the opportunity to explore a variety of Core Content areas, Career Technical Education (CTE) program options, enrichment-based field trips, athletic competitions, problem-based learning, and visit character-building activities and programs with community service opportunities while earning their high school diploma and preparing them for College and Career options. We are continually looking for opportunities to expand our CTE programs, while staying grounded to core education programs through our unique Independent Studies Program. This program offers a smaller learning environment that maintains a lower student-to-teacher ratio not found in most other schools or districts, which allows for stronger connections and communication between staff, parents, and students. Our CTE programs provide additional motivation for students to stay focused on their academic classes. Our dedicated staff provides exceptional educational experiences for the young people within Madera County and encourage and inspire students to follow their dreams and pursue their college and career goals.

Our target student population includes students wanting a different academic experience, credit deficient and "high-risk" youth. Many PTC students have not been successful at comprehensive high schools for a variety of reasons, as most students enrolled at PTC are looking for an alternative to a comprehensive site, credit deficient and/or struggled on the Smarter Balanced Assessments of California (SBAC), expelled, or on a probationary status. Many of our students are kinesthetic learners and our vocational programs provide additional motivation for students to stay focused on their academic classes. Our program design incorporates both individualized instruction in the core academic courses and a choice of CTE programs approved by Fresno County Regional Occupational Program (ROP). Several factors have kept students from benefitting from elective courses and vocational classes at their home districts, so the opportunity to learn viable skills gives students a greater level of engagement. Many PTC students are looking to either enter the work force upon graduation or complete their graduation and continue to a college or university program.

Mission Statement: Pioneer Technical Center will provide all students of Madera County opportunities, experiences, and academic preparation needed to successfully contribute to the global community. Students of Pioneer Technical Center will achieve and demonstrate mastery of core academic subjects in addition to career technical education. Pioneer Technical Center will combine the support of parents, educators, and community resources to develop students with integrity and ambition.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. School Facility Conditions and Planned Improvements

All facilities, classrooms and equipment at PTC received a Facilities Inspection Tool (FIT) rating of Good for 2020-21. Pioneer Technical Center classrooms are inspected for the safety and needed repairs on a consistent basis, no less than one time per year. MCSOS employees such as administration, instructional staff and operations/maintenance staff who have been trained in the Williams procedures participate in these inspections. A process is in place where needed repairs are brought to the attention of operations/maintenance staff so that repair/replacements are completed in a timely manner. Classrooms are routinely cleaned and any deep cleaning occurs during extended school breaks.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Pioneer Technical Center offers Construction, Welding and Child Development as Career Technical Education (CTE) courses. PTC partners with Fresno County Regional Occupational Programs (ROP) and offered courses follow all guidelines of the Fresno County Regional Occupational Programs (ROP) Career and Technical Education requirements. Each pathway has its own advisory committee made up of industry professionals that meet several times a year to discuss the program and current industry standards alignment. Through the CTE Pathways, students also participate in activities sponsored by Fresno County ROP/CTE, such as the Career Skills Challenge at the Career Tech Expo held at Chukchansi Park. Here, students from many mainstream and county schools, showcase their skills acquired from their classes. Our programs have demonstrated students' workforce preparedness by placing 1st, 2nd, or 3rd in the past several years in exterior construction and welding. Students in the construction trades have also worked installing solar panels on homes of low income families and made improvements on our campus and nearby schools. Several local industry leaders have observed our students at work and have offered them paid internships during the summer and permanent positions after graduation.

Students enrolled in the Child Development pathway assist in a community classroom at a local day care center operated by Madera County Superintendent of Schools. Additionally, students in this pathway gain valuable classroom experience through opportunities to assisting elementary school teachers in their classrooms at nearby elementary schools. These real-life opportunities are preparing students for employment immediately upon graduation from high school, another testament to the high quality of our CTE programs at PTC.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At Pioneer Technical Center (PTC), we believe that parental involvement is an essential component in a every student's education. The greater the parental involvement in the student's education, the greater the likelihood that the student will be successful in school and after graduation. Each year, PTC hosts a Back to School and Open House Day with extended hours during the day to create more opportunities for parents and guardians to meet their teachers and Leadership team members. Surveys are collected from all parents to gather data to better guide decision making in targeted program improvements. Additionally, parents are invited to participate on the CAES shared School Site Council (SSC) and English Language Advisory Committee (ELAC) where they can contribute to establishing policies, supporting budget decisions and allocation of resources to increase student achievement. Parents are also urged to participate in stakeholder meetings to update the Local Control Accountability Plan (LCAP). PTC hosts quarterly awards assemblies, graduation ceremonies and several athletic events throughout the year; allowing parents to support their children and contribute to a positive and productive school culture and community.

2023-24 School Safety Plan

The Safe Schools Plan is updated annually. During the school year, meetings are scheduled to review the plan to ensure its continued appropriateness and to make any necessary changes based upon recommendations. Members include administrators, teachers, school nurses, maintenance and operations staff, and parents. Contents of the Safe Schools Plan include, but are not limited to, the following: safe school strategies and programs, disaster and emergency response procedures, threat assessment protocol, school discipline procedures including suspension and expulsion recommendations, procedures for safe ingress and egress from school. A survey is provided to staff members in the spring. The analysis of the results assists the committee in the development of new goals and activities to promote a safe school environment. Drills are conducted regularly to practice emergency responses. Specific training includes Run, Hide, Fight to prepare staff for the appropriate response in the unlikely event of an active shooter situation. Updates to the plan including new goals, objectives and activities are reviewed with instructional staff. Safe Schools Plans are maintained at the sites and are approved by the Madera County Board of Education annually. This year's plan was approved at the October 10, 2023 meeting.

Professional Development

Madera County Superintendent of Schools (MCSOS) is committed to providing high quality professional development to its instructional staff including teachers, specialists, and instructional assistants. Eight full days were dedicated to professional development and instructional preparedness, and the remaining 8 days were the sum total of weekly professional development training conducted every Friday for 75 minutes. Specialists from MCSOS provided much of the professional development, which focused primarily on increasing student achievement in English Language Development to meet student proficiency in English/Language Arts and Mathematics, and the continued needs of English Learners. Another important component of

Professional Development

professional development has teachers modeling research-based, effective instructional practices to the staff. Additionally, staff is encouraged to seek out professional development and conferences that address the most current research based instructional strategies especially for those students in alternative settings with low academic performance. For the 2023-24 school year, the LEA will partner with an outside educational agency to continue focusing on improved mathematics instruction and student achievement.

This table displays the number of school days dedicated to staff development and continuous improvement.
