Should a student exhibit little to no movement in this class after repeated interventions, a class change may be in order.

8. Revision practices:
   Students are given opportunities for remediation based on need and individual circumstances. Retakes on quizzes and tests are allowed after consulting with the teacher.

9. Extra credit practices:
   There is no extra credit offered in our online courses.

    Students and parents can expect points to be updated at least once every two weeks.
