To Staff and Our Twin Rivers Families,

Imagine your high school senior walking into a room buzzing with possibility—tables lined with professionals, each representing a path your student could take after graduation. On Thursday, March 5, our district opens those doors at the Twin Rivers Career Fair 2026, connecting seniors directly with nearly 50 employers and training programs. Students will have the chance to meet representatives from SMUD, CAL FIRE, Caltrans, the Sacramento Police Department, North Highlands Recreation & Park District, the Northern California Tile Industry Apprenticeship Program, and other local agencies and industry partners.

Career Fair 2026 is more than handing out resumes. It's a chance for your senior to explore career pathways, ask questions about hiring expectations, and discover certifications, apprenticeships, or postsecondary options. While a few students might have the chance for on-the-spot interviews, most opportunities will require following the employer's standard application process. Either way, the fair gives students a firsthand look at what employers are seeking and helps turn curiosity into actionable next steps.

Beyond career exploration, students gain valuable experience in networking, professional communication, and presenting themselves—skills that will serve them well beyond graduation. This hands-on experience helps them make informed decisions about what comes next, whether entering the workforce, pursuing additional training, or continuing their education.

We are thrilled to offer this opportunity for our students to connect with real-world employers, explore possibilities, and gain confidence in navigating the next chapter of their lives. Thank you for supporting your senior as they take full advantage of this exciting event. We look forward to seeing our students step into the future with curiosity, confidence, and purpose.
