

MyPrime.com

MyPrime.com provides easy-to-use tools to help you make informed health care decisions.

Find important information about your pharmacy benefit that will help you:

- Be safe
- Keep informed
- Save money

MyPrime.com

The online resource for managing your pharmacy benefit

Be safe

View important information about the drugs you take, including:

- Food and drug interactions
- Possible side effects
- Storage instructions

Keep informed

Look up details about your pharmacy benefit, including:

- Your prescription history
- Coverage status of drugs you take
- Locations of pharmacies near you

Save money

Find drug pricing and cost-saving options, including:

- Your costs for drugs you or your family members take
- Low-cost generic drug alternatives available for your medical condition
- Cost-effective pharmacy choices, including how you could save money through mail-service pharmacy or 90-day medication supplies

MyPrime.com is your pharmacy benefit website — ready whenever you are, wherever you are.

MyPrime.com is a secure website that protects your confidentiality with password protection, encryption, firewalls and secure links.
