Mr. Baldwin, 23 Year Driver

I started driving when I heard how much other people loved it. I enjoy the students and being a part of the community. This job is perfect for anyone looking for a fulfilling role after retirement, or for someone looking for full time. This is my hometown! The management team is first rate, and I feel supported.

Mrs. Whitmore, 21 Year Driver

I originally started driving to work with my kids schedule but today I still love the schedule. I love getting to know the students and building positive relationships with them. It has been the most humbling and rewarding job I have done.

Come Drive with Us!

Mr. Robinson, 6 Year Driver

I am a retiree and enjoy working with the kids. I became a driver because the schedule matches up with the kids' breaks and I can run errands between our runs. Summer off and no weekend work. BEST JOB EVER!

New Career Technology Apprenticeship Wall at Hartland High School

As an essential component of our Strategic Plan under the Academic & Programming Goal, the district has installed an Apprenticeship wall at Hartland High School. This is a new tool that students interested in the trades can use to learn more about their options upon graduating from high school. Students simply scan the bar codes to learn about the trades and where there may be opportunities for future learning. Staff and counselors will also use the wall as a learning tool.

Career Technology Open House at Hartland High School

The Career and Technical Education (CTE) department at Hartland High School will be hosting an open house on Wednesday, January 14th from 5:00 – 7:00 p.m. in rooms 406-409. Instructors, industry professionals, and college representatives will be available to answer any questions related to the programs and careers. All labs and classrooms will be open to visit, and technical equipment will be operating on display. The open house is open to any students, parents, staff members, and community members interested in the CTE programs at Hartland. Admission is free and food will be provided. Please see a flyer and map at the end of this Weekly Update.

To learn more about all of the CTE opportunities that Hartland High School offers, go to <https://www.hartlandhighschool.us/Counseling/Course-Descriptions-and-Curriculum-Guide-/index.html>. To learn even more, click on the **2025-26 Hartland High School Curriculum Guide** and review pages 31- 49. You will be amazed at all the opportunities available to students in Hartland. Often people do not realize the extent of CTE programming happening at Hartland High School and within the countywide CTE Shared-time program. Shared-time programming allows HCS students, and students from the other county high schools, to travel to the programs of their choosing, during the school day. Since the county does not have a Career Technology Center, this is the most efficient way of offering these opportunities to every student attending high school in Livingston County. MI Student Voice Student Perception Survey

The district will once again ask students in grades 7-12 to provide their perception of school in the categories of Social Emotional Learning, Student Engagement, and Belonging. The survey window starts in February. Mr. Howerton and Mr. Fitzgerald will be communicating the specific questions and opt-out forms for parents to utilize prior to this activity. If you would like to see the questions ahead of time, I have posted them at: https://d16k74nzx9emoe.cloudfront.net/5e03edf3-9e1b-4540-90a1-c5f90a22b29d/2025-2026%20MI%20Student%20Voice%20Perception%20Survey%20Questions_ada.pdf for your reference.

Introducing Wrigley and Mojo

The district has approved two new therapy dogs. Wrigley will be at Round Elementary with handler Mrs. Kristin Rapp and Mojo will be at Farms Intermediate with handler Principal Mrs. Cristal Briskey. I had the opportunity to meet both on December 18, 2025. Both were extremely welcoming. I know they will work hard to love students.
