

WCHS Principal Board Meeting Report 11-6-2025

- The current enrollment is 18 students which is up 2 from last month.
- Unfortunately, our trip to the Coleman Fish Hatchery on October 16th was canceled due to the government shutdown but our students went on their second visit to the wildlife refuge and witnessed the beginning of the winter waterfowl migration.
- Willows Community High School hosted its annual Halloween “Spooktacular” Carnival on October 31. Students did an outstanding job organizing and running a variety of activity booths. Young children ages 1–4 attended in costume with their parents and participated in trick-or-treating at student created stations throughout the campus.
- WCHS continues to emphasize the importance of daily attendance. Ms. Soeth is actively monitoring attendance trends and maintaining a detailed attendance chart to support student accountability and recognize improvement. We had a couple of days this month with 100% attendance.
- We have scheduled several guest speakers to share their professional experiences and inspire students. On November 6th, professional wildlife photographer Gary Kn, who specializes in waterfowl photography, will visit campus. On November 7th, representatives from the Army National Guard will meet with students to discuss career opportunities and service pathways.
- Upcoming events:
 - 11/13/25 WCHS Thanksgiving Feast
 - 11/19/25 Monthly Refuge trip
 - 11/20/25 Manual Cinema's The 4th Witch at CSUC Laxson auditorium
