

COUNTYWIDE

Roadmap to the Future for Yolo County Children and Youth

Yolo County Office of Education

The Roadmap to the Future for Yolo County Children and Youth is a bold, countywide initiative to close opportunity gaps and improve outcomes for Yolo County young people. Led by Yolo COE, with county, city, school and UC Berkeley partners, the initiative drives equity-focused action and builds a shared structure to ensure every child and youth has the opportunity to reach their full potential.
