

CITY OF CHICO SYCAMORE POOL COLIFORM TESTS - 2025

Please be advised, every lake, stream or creek can have bacteria including E. coli, a natural bacteria that lives in the intestines of people and animals. There are hundreds of strains of E. coli and only a few of them cause disease or sickness. Water quality conditions can change quickly. Follow healthy water habits such as do not swallow water, wash hands, shower and/or towel dry after water contact. Do not swim if you are sick or have open cuts or sores.

THRESHOLD: E coli >320 MPN/ml (Advisory Signs - no pool closure)

N/A Not available - E. Coli results only
