*To inspire each student to
extraordinary achievement
every day*

April 17, 2026

To Staff and Our Twin Rivers Families,

In times of change and uncertainty, one thing remains constant: the value of learning. Across our community, adults are stepping back into the classroom—building new skills, creating new opportunities, and setting powerful examples for their families. Their commitment sends a clear message to our students: it is never too late to grow.

At [Twin Rivers Adult School](#), that commitment comes to life every day. More than 1,600 students are enrolled, representing a diverse and determined community of learners. Many are not only investing in their own futures but also strengthening the educational journey at home. More than half of these learners have children enrolled in Twin Rivers schools, creating a powerful connection between parent and student success.

These learners span generations and life experiences. While many are young adults building a foundation for their future, others are returning to education after years away. Each brings a shared sense of purpose—to learn, to improve, and to open new doors. That determination shapes not only their individual paths, but also the culture of learning across our district.

This commitment is especially meaningful as we recognize California Adult Education Week, April 19-25, a time to celebrate the impact of adult learners and the programs that support them.

Twin Rivers Adult School has twice been named a Model Program by the California Adult Education Program (CAEP) for improving student outcomes. **This year, staff member Nakisha Woods, Academic Intervention Specialist – Senior, will receive the Excellence in Support Services – Classified award at the California Council for Adult Education (CCAE) state conference in San Diego on May 2, in recognition of her dedication, expertise, and lasting impact on students.**

The strength of our adult education program lies in meeting learners where they are. From GED preparation and English language development to career training and foundational skills, Twin Rivers Adult School offers flexible, supportive pathways for adults balancing school, work, and family.

The impact extends far beyond the classroom. When adults invest in their own education, they strengthen their families, support student success, and build a more connected community. That shared commitment to learning is what continues to move Twin Rivers forward and ensures opportunity reaches every generation.

#TRUSD Proud Alert!

We're celebrating another incredible achievement by one of our own! Congratulations to **Larry Hollins, Campus Safety Specialist at Martin Luther King Jr. Technology Academy, on being named a Sacramento County Classified School Employee of the Year!** Larry joins Conor Allison, User Support Analyst, giving us two TR team members recognized with this prestigious honor. Their commitment, care, and impact truly make a difference every day — and we couldn't be prouder!

Around TR!

Twin Rivers Unified will host a **Workforce Prep** event for individuals seeking career opportunities within the district. It will take place 9 a.m. to noon Saturday, April 25, at [Twin Rivers Adult School](#), 5703 Skvarla Ave., McClellan Park, CA 95652. The session will provide guidance on the job application and interview process, along with information on current openings. Attendees will gain practical tools and insights to support their employment goals. Please note: participants must be at least 18 years old and possess a high school diploma or GED. [Click here to view the flyer.](#)

Enrollment for our 2026-2027 Expanded Learning Programs will open Monday, May 4. These before and after school programs provide academic support, enrichment activities, and a safe, structured environment for students outside regular school hours. Available for TK–12 students at participating school sites. Click [HERE](#) for more information.

Warm regards,

A handwritten signature in blue ink, appearing to read "Steve Martinez".
