

## Walking Field trip Authorization

Bell Hill Academy values the role the community builds in the development of young children. We access features in our community such as neighborhood walks, local parks and trails, as well as visits with other programs in our community. We use these opportunities to help children understand their role in the community, and the roles of others in the community as well.

( ) I give permission for my child to participate in off-property walking field trips (including but not limited to: local neighborhoods, parks, movie theater, Center for the Arts, Post office, Library, Museums, etc.)

( ) I do not give my child permission to go off-property walking field trips.
