**13% Strongly Agree or Agree
(23% 24-25, 28% 23-24, 28% 22-23,)**

The district recognizes that we must do a better job of sharing the difference between students being rude, mean, or engaging in conflict versus bullying. Bullying behavior is behavior which occurs multiple times and is pervasive. This slide includes 4-years worth of data as this is a key behavior area that the district works on with students. Please note that the district added the definition of bullying to this question in 2025-26 due to what we perceived as a misunderstanding of what bullying is. This may have influenced the decline in SA and A responses.

My student has experienced racial/ethnic conflict among students in this school.

**3% Strongly Agree or Agree
(7% in 24-25, 3% 23-24, 4% 22-23)**

Please note that the district added the definition of what discrimination is this year as we felt it important to provide this information in the question. This may have influenced the 25-26 responses of SA or A.
