Special Education Local Plan Area

IMPORTANT UPDATES

What is an initial CALPADS affirm?

It is a process for manually adopting a student's active plan that does not appear in SEIS (i.e. Out-of-State IEP, Non-SEIS IEP). This process allows you to update an old SEIS record to the current plan or create a benchmark IEP for an Out-of-State student. It will allow Case Managers to create an Interim Placement and 30-day Meeting Amendment, ensuring a continuation of service provision.

DLU (District Level User) will complete this process, it is no longer available for Providers.

Find the Initial CALPADS Affirm link [here](#).

CAASPP and ELPAC Report

The CAASPP and ELPAC manual download has been updated for 2025-2026. You can find the ELPAC Report under the Reports dropdown in SEIS.

Manual Upload to TOMS

TOMS cleared all students' supports and accommodations. All students must be reuploaded for the new year. This will be done through the manual upload to TOMS. Please provide your TOMS testing coordinator with the SEIS report to upload into the TOMS system. The SEIS to TOMS nightly export only includes students whose Statewide Assessment form was updated that day. TOMS access codes need to be updated annually.

TOMS Nightly Export information can be found [here](#).

Official Notification of 2025 Timeline Noncompliance

Due Date October 24th

LEA CEOs (the individuals listed with the CDE as the Superintendent for each LEA) received official notification from the CDE on Monday, August 25, 2025, that they **remained noncompliant from the initial 2025 Prong1 Certification extract completed on December 12, 2024.**

These LEAs must complete the required student-level corrective actions and update the student's record in CALPADS by **October 24, 2025.**

If the LEA does not correct the noncompliance and update the student's record by the due date, the noncompliance will be considered overdue and will be a negative factor in the LEA's Annual Determination, slated for release February 2026.

Please contact your Program Specialist or Program Technician for guidance.

- Pending Evaluation, 60-Days Not Yet Exceeded with Days until Overdue less than 30 days.
