

Proposition 28 Arts Plan Overview 2026-2027

The principals of Gridley Unified School District share a collective vision for Arts Education, aiming to ensure both the staffing and availability of arts programs at every school site. Working together as a team and in alignment with the guidelines set forth by the voter-approved Proposition 28, we have come to the following agreements:

Summary is as follows: Estimated Total Funds \$378,331 for 26-27

	Salaries (80% of total funding)	Supplies (20% of total funding)
District Office	\$2,132	\$533
Esperanza	\$3,564.80	\$891.20
McKinley	\$52,472	\$13,118
Wilson	\$83,217.60	\$20,804.40
Sycamore	\$62,844	\$15,711
Gridley	\$98,434.40	\$24,608.60
Total \$	\$302,664.80	\$75,666.20

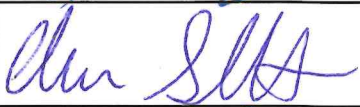

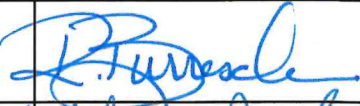

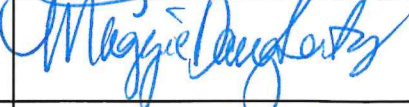

At every site, funding will be used in the following ways:

1. Elementary and Secondary Arts Education Staff: At each school site, both certificated and classified staff will take on roles in leading and supporting performing, digital, and visual arts education. Additionally, arts education programming will be offered to students in both general and special education classroom settings. The staffing plan will include an additional 1.0 FTE Art teacher to be shared 0.4/0.6 between GHS and Sycamore, a 0.6 FTE Art teacher to be shared between McKinley and Wilson 0.3/0.3, a 1.0 FTE Elementary Music Teacher to be shared between McKinley and Wilson 0.2/0.8, and an additional section of High School Music.

2. Community Partnerships Art Programs: By leveraging community resources, school sites will explore partnership with outside agencies to offer additional arts education programs, such as martial arts, dance, and photography, using funds remaining after the hiring of staff. Funding for these community agency contracts will support experiences that align with the goals of Proposition 28, as well as field trips that complement and enhance these objectives.

3. Storage and Materials for a Comprehensive Arts Education Program: The arts education funded by Proposition 28 will require a wide variety of materials for visual, performing, and digital arts. These materials, along with storage resources, will be shared across school sites to ensure all programs have the necessary tools to succeed.

4. Waiver for Unallocated Funds: The District will seek a waiver of the 80/20 staff to materials ratio once all above positions have been allocated to maximize the use of funds and provide needed materials to replace aging musical instruments in the districtwide music program.
