

## Corning Union Elementary School District

Form 470 # 260010244  
RFP No. 2026-01

### REQUEST FOR PROPOSAL INTERNAL CONNECTIONS

Network Electronics No Installation

Addendum No. 1

Date: March 2, 2026

---

THIS AMENDMENT IS ISSUED AS ADDITIONAL INFORMATION AND/OR CLARIFICATION AS A RESPONSE TO REQUESTS FOR INFORMATION

---

#### REQUEST FOR INFORMATION:

- Q. Do the wall plates need any specific ports, like keystone ports, HDMI, etc?
- A. The wall plates requested are all single or double RJ45 ports that the proposed keystones would fit into. This is in the RFP summary:
5. Connectivity Components
- o Blue keystone jacks that are compatible with the proposed wall plates and patch panels.
  - o 2-Port RJ45 white wall plates for network terminations.
- Q. Question regarding services requested
- A. As stated in the Form 470: Due to the way EPC has been created with the service category questions, please consider information drafted into quantities, fields, and units as an educated guess at a minimum for the issuance of this Form 470. All quantities are estimates as solutions proposed by service providers to meet the minimum specifications required may necessitate differing quantities. Please refer to the RFP for full specifications and requirements.
- Please respond to the equipment and quantities as listed and requested in the RFP.
- Q. Any brand or platform you are currently standardized on?
- A. As stated in the RFP: The District has standardized on Aruba platform, however, equivalent products are acceptable. If proposing equivalent product please submit data verifying equivalency with proposal.
- Q. Is this a refresh/upgrade or a net-new deployment?
- A. This a mix of upgrade and net-new deployment
- Q. Do you need installation and configuration included?
- A. No installation is being requested for the equipment. This RFP is for equipment only, no install.
