

# Dress for Success

## Chaparral – Vista Dress Code

The Bonita Unified School District and Chaparral – Vista High School believe appropriate student dress contributes to a productive learning environment. The standards for dress and grooming strongly emphasize to students that our school is a place of business with high expectations and is concerned about providing and maintaining a safe and effective learning environment that promotes student achievement. Students whose clothing violates dress code guidelines will be provided an opportunity to wear borrowed clothing to be returned at the end of the day. If necessary, parents/guardians will be contacted and expected to provide appropriate clothing.
